GENOSYS EPI TURNOVER BOOSTING PEELING GEL

EPI TURNOVER BOOSTING PEELING GEL

Concept

GENOSYS EPI TURNOVER BOOSTING GEL is the enzyme peeling gel that removes dead skin cells without irritation. Moringa, so-called 'Miracle Tree' purifies and nourishes skin and the plant complex from desert moisturizes and soothes skin.

[NET WT. 100g]

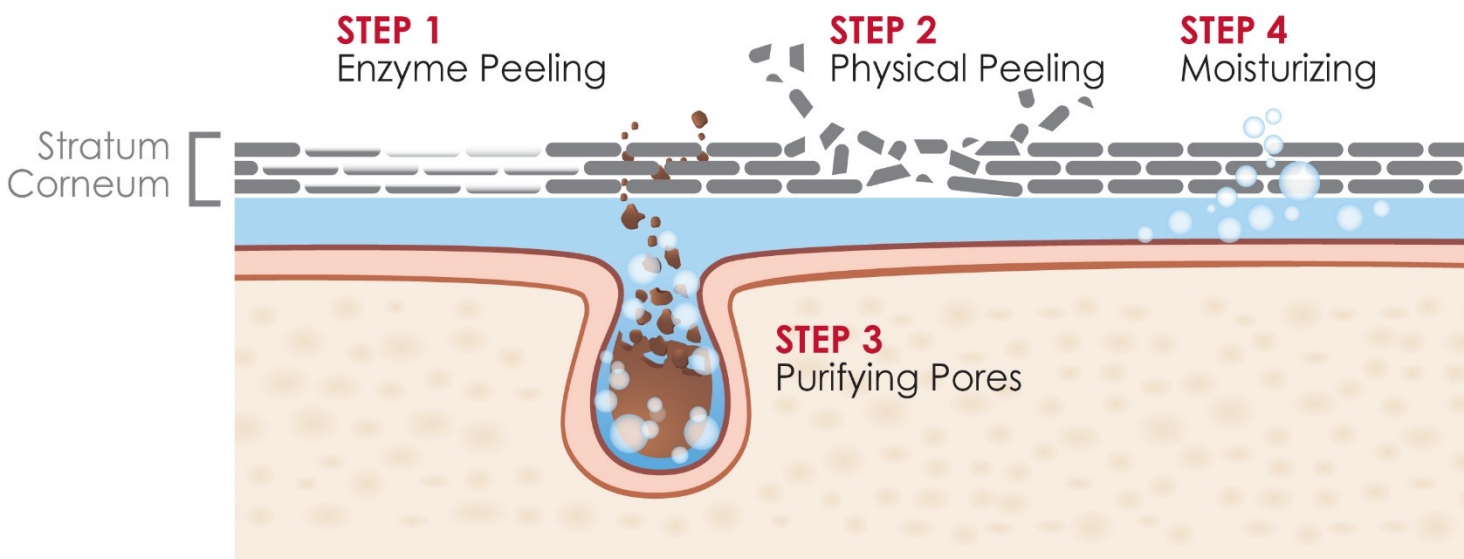

Enzyme Peeling + Cellulose Peeling

Gommage-type Peeling Gel

- Peeling gel without rough particles
→ No discomfort when scrubbing
- Moist gel type without leaving dryness
- Removes dead skin cells.
- Binds waste materials and removes.

EPI TURNOVER BOOSTING PEELING GEL

Mechanism

Step1.

Enzyme Peeling:

Papain, a proteolytic enzyme, dissolves dead skin cells.

Step2.

Physical Peeling:

Cellulose derived from plant binds dead skin cells and waste materials and falls off together during washing the face.

Step3.

Pore Purifying:

Moringa extract with excellent purification action removes wastes from pores.

Step4.

Moisturizing:

Desert complex & sodium hyaluronate supply moisture to the dry skin from exfoliation.

EPI TURNOVER BOOSTING PEELING GEL

How to use

Apply the product on clean, dry skin and gently massage in a circular motion for up to one minute. Rinse the clumped dead skin cells with tepid water.

* It is recommended to use the product 1-2 times a week.

[Tip]

You can use it for body including knee, elbow and heel as well as face.

GENOSYS EPI TURNOVER BOOSTING PEELING GEL

KEY INGREDIENTS

EPI TURNOVER BOOSTING PEELING GEL

Moringa Pterygosperma Seed Extract

The “Miracle Tree” - Moringa

- Purifies pores with excellent anti-inflammatory and antiseptic properties.
- Supplies nutrients such as proteins, minerals and flavonoids to the skin.
- Antioxidant power of Vitamins and Polyphenols helps revitalizing skin.

EPI TURNOVER BOOSTING PEELING GEL

Carica Papaya (Papaya) Fruit Extract

Papain, a proteolytic enzyme, provides an exfoliative effect to the skin.

→ Removes the dead skin cells and impurities.

Improves skin breakouts by preventing the build up of dirt and oils

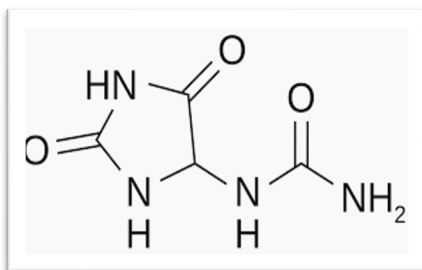

Rich in Vitamin A, C, E, flavonoids

→ Supplies nutrients to skin and firms skin.

Normalizes skin turn over.
→ Improves skin tone & texture.

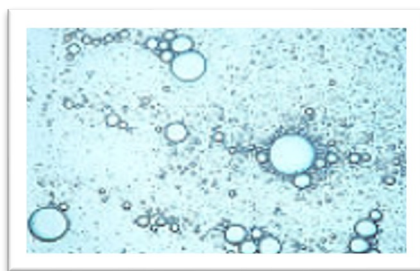

EPI TURNOVER BOOSTING PEELING GEL

Allantoin

- Soothes skin with excellent anti-inflammatory and anti-irritant properties.
- Increases the water content of skins' extracellular matrix.
- Exfoliates dead skin cells, resulting in a cleanser, brighter complexion.

Sodium Hyaluronate

- Natural Moisturizing Factor (NMF)
- Restores the skin's moisture by binding water to the skin.
- Smooths the appearance of wrinkles with filling-up effect.

EPI TURNOVER BOOSTING PEELING GEL

Desert Complex

- Complex of five plants growing in the desert (Ficus Carica Fruit Extract, Phoenix Dactylifera Fruit Extract, Opuntia Coccinellifera Fruit Extract, Opuntia Ficus-indica Stem Extract, Adansonia Digitata Seed Extract)
- Plants that survive the dry desert climate have excellent vitality and water storage capacity.
- Soothes and hydrates the dry and sensitive skin.

Nelumbo Nucifera Flower Extract

- Protects skin from the external aggressors.
- Soothes skin with natural anti-inflammatory properties.
- By balancing sebum production, it prevents clogged pores and skin breakouts.
- Improves dull skin to a brighter and radiant skin.

EPI TURNOVER BOOSTING PEELING GEL

Simmondsia Chinensis (Jojoba) Seed Oil

- As a humectant, it seals skin with a protective barrier to keep it from losing moisture.
- Contains nutrients such as Vitamin B, Vitamin E, phytosterols, minerals like zinc and copper.
- Contains anti-microbial and anti-fungal properties.
- With anti-inflammatory and healing properties, it relieves skin inflammation and speeds-up the wound healing.

Prunus Mume Fruit Extract

- Provides the powerful antioxidant effect.
- Helps inhibit melanin production via regulation of melanogenesis-associated protein expression in melanocytes.

MULTI FUNCTIONAL ANTI-WRINKLE SERUM

[NET WT. 30ml]

MULTI FUNCTIONAL ANTI-WRINKLE SERUM

Concept

GENOSYS MULTI FUNCTIONAL ANTI-WRINKLE SERUM is an anti-aging serum that helps visibly smooth the signs of wrinkles and reinforces skin firmness with a nourishing ingredient – bakuchiol, a natural alternative to Retinol and anti-wrinkle peptide complex.

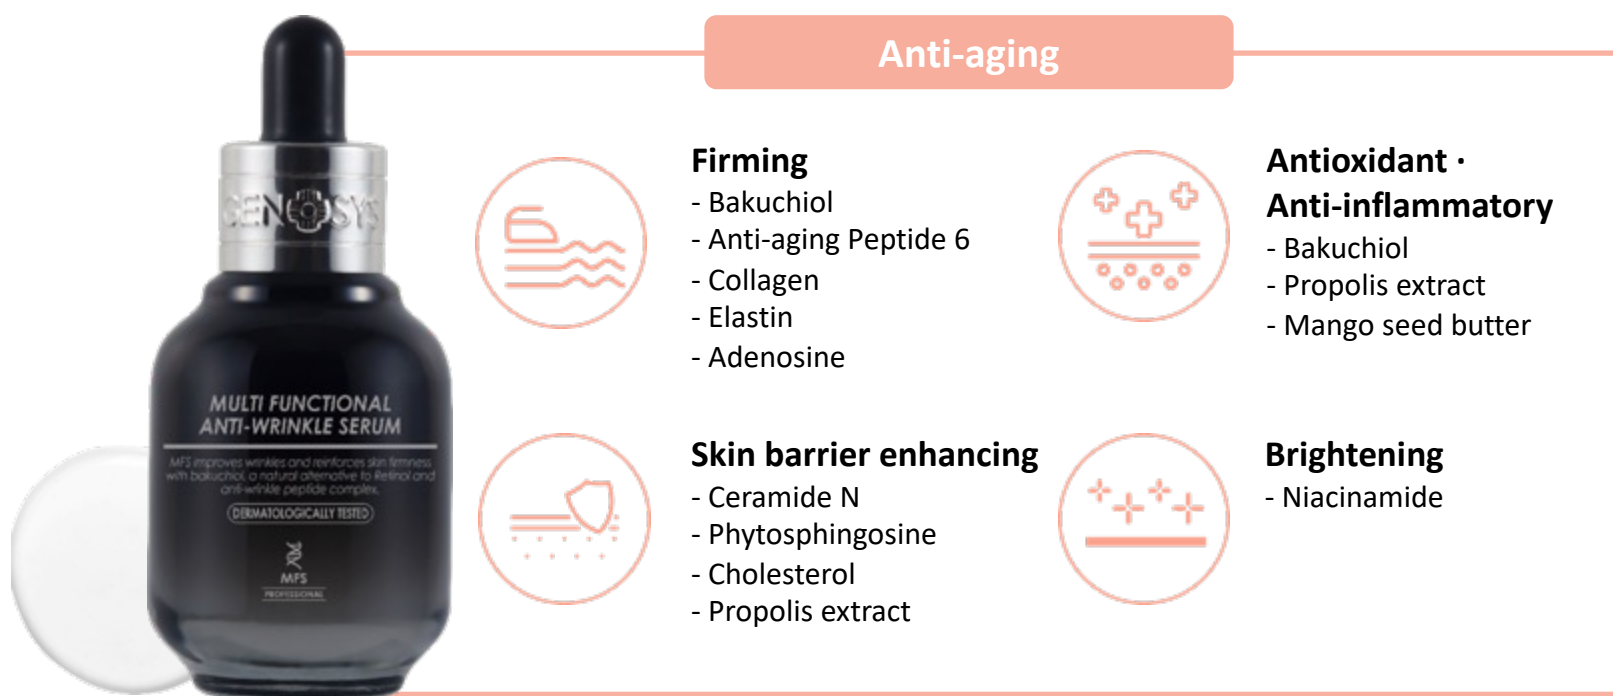

NET WT. 30ml

- Powerful anti-aging effect
- Helps smooth wrinkles and firm skin
- Promotes collagen synthesis
- Protects skin from oxidative stress

MULTI FUNCTIONAL ANTI-WRINKLE SERUM

Mechanism

MULTI FUNCTIONAL ANTI-WRINKLE SERUM

Bakuchiol

Bakuchiol is a natural ingredient derived from the seeds of the babchi plant, also known as *Psoralea corylifolia* traditionally used in Indian ayurvedic and Chinese medicine.

BJD

Bakuchiol was shown in a recent study published in British J Dermatology to match the established benefits of retinol, with a better skin tolerance

Further to this publication, there has been a strong emphasis on Bakuchiol from key opinion leaders

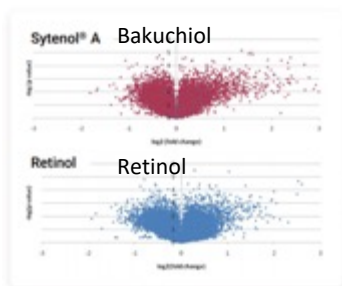

- Natural alternative to retinol that manages to have retinol functionality through “retinol-like regulation of gene expression
- Safe plant derived ingredient without side effects
- Unlike retinol, it is photostable and can be used during the day.
- It firms skin and improves wrinkles by promoting collagen production.
- It promotes cell turnover.
- It is a potent antioxidant.
- It normalize sebum levels by downregulating 5- α -reductase, an enzyme that triggers excessive oil production.
- It prevents acne with excellent anti-inflammatory and antibacterial properties.

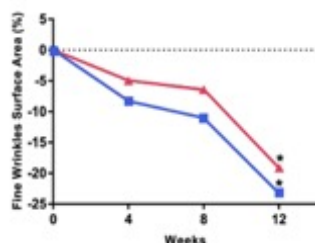

MULTI FUNCTIONAL ANTI-WRINKLE SERUM

Retinol vs Bakuchiol

Retinol is a popular ingredient thanks to its excellent anti-aging properties. However, due to irritation, it is not recommended for sensitive skin and pregnant women, and special care is needed when storing the product containing retinol due to rapid degradation and corrosion.

→ Bakuchiol and retinol show dramatic similarities in gene expression profiles of the two compounds indicating similar functional analogy.

→ Bakuchiol and retinol both significantly decreased wrinkle surface area with no statistical difference between the compounds.

Retinol

Synthetic derivative

Irritating

Not recommended
for sensitive skin

Photosensitive →
Not safe to use during
sun exposure

Bakuchiol

Plant derived

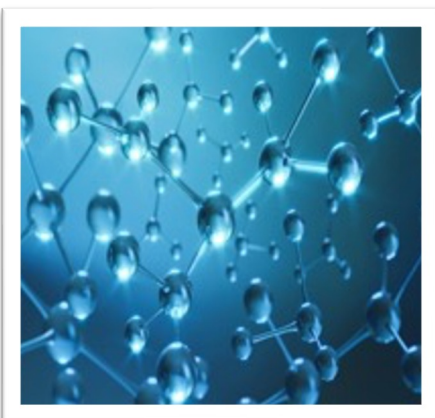

Gentle on the skin

Recommended
for all skin types

Photostable →
Safe to use during
sun exposure

MULTI FUNCTIONAL ANTI-WRINKLE SERUM

Anti-aging Peptide 6

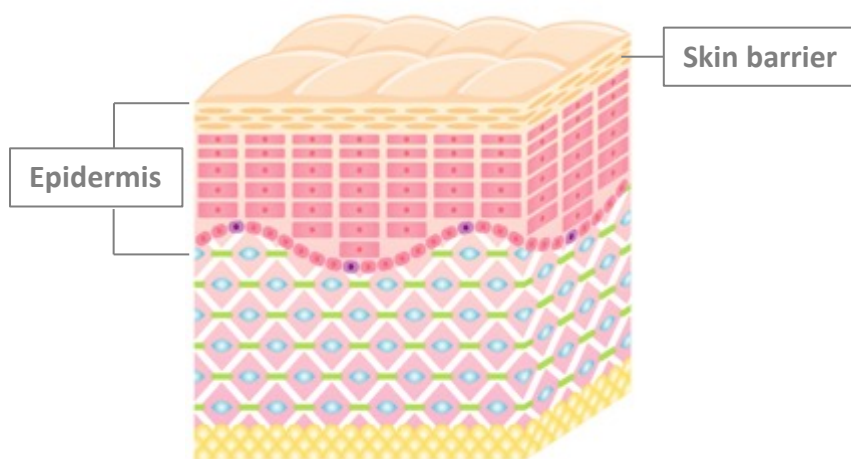

- **Palmitoyl Tripeptide-5:** It stimulates collagen production and healthy tissue growth.
- **Dipeptide-2:** It acts as a natural moisturizing factor that binds water in the skin and thus prevents it from drying out.
- **Palmitoyl Tetrapeptide-7:** It helps reduce skin inflammation and stimulate the regeneration of collagen fibers in the dermis.
- **Palmitoyl Tripeptide-1:** It initiates the stimulation of collagen and the stimulation of glycosaminoglycan synthesis, keeping skin firm and hydrated.
- **Palmitoyl Hexapeptide-12:** It firms skin by promoting collagen and elastin synthesis and strengthens skin barrier.
- **Acetyl Hexapeptide-8:** It improves wrinkles by relaxing facial tension leading to the reduction in facial lines and wrinkles.

MULTI FUNCTIONAL ANTI-WRINKLE SERUM

Lipid Barrier Liposome

As a component of 'intercellular lipid' that forms skin barrier, lipid barrier liposome helps strengthen the binding force of the skin barrier.

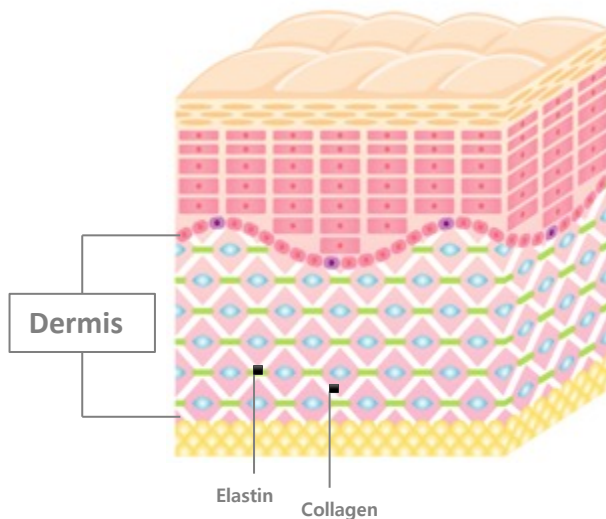

- Ceramide NP: account for 50% of skin cell intercellular lipids
- Cholesterol: account for 25% of skin cell intercellular lipids
- Phytosphingosine: a precursor of ceramide

Epidermis (Skin barrier) Care

MULTI FUNCTIONAL ANTI-WRINKLE SERUM

ECM Components

As components of 'extracellular matrix (ECM)' that support and protect the skin structure between cells in the dermis, ECM components keep skin solid.

■ Collagen

- It gives skin strength and firmness.
- It supports structural health.

■ Elastin

- It gives skin resilience and elasticity.
- It allows the skin to be flexible and bounce back to its original shape.

Dermis Care

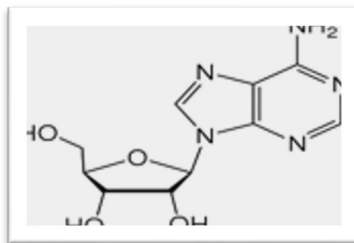

MULTI FUNCTIONAL ANTI-WRINKLE SERUM

Propolis Extract

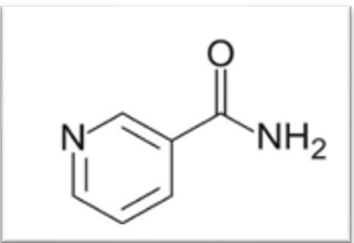

- It protects the skin from free radicals with abundant flavonoids.
- Due to its antibacterial and anti-inflammatory properties, it helps speed up the wound healing process.
- Propolis helps skin retain more moisture to maintain a healthier, more vibrant complexion.

Adenosine

- It improves wrinkles and firm skin by increasing collagen synthesis and stimulating fibroblasts in the skin.
- Anti-inflammatory effect

Niacinamide

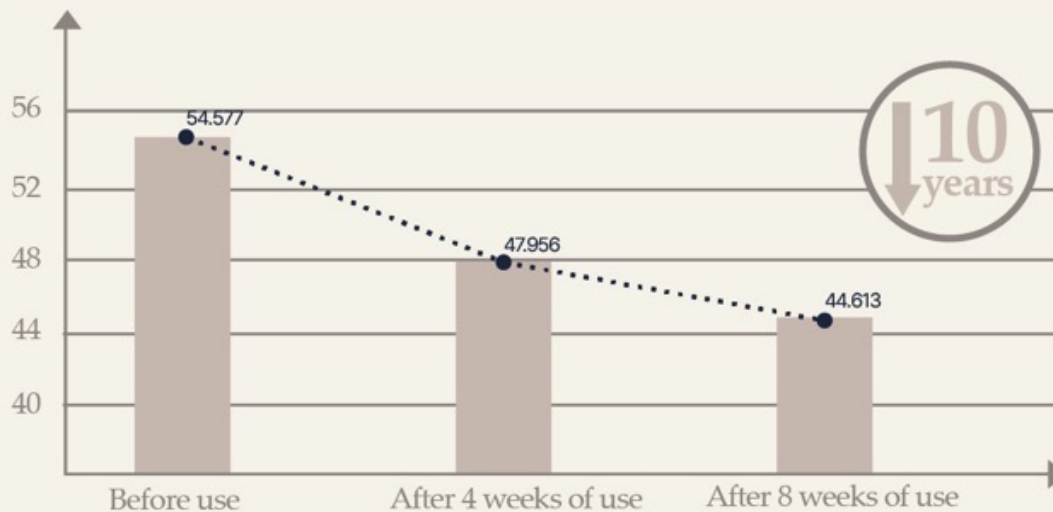

- Vitamin B3
- It helps decrease hyperpigmentation, age spots and melasma by inhibiting the transfer of the melanosomes to the surrounding keratinocytes.
- It protects skin from free radicals and prevents oxidative stress.

CLINICAL TRIAL DATA

- Anti-Wrinkle

■ Evaluation of skin age index

Skin age index(2) = $47.370 - 113.289 \times (\text{Elasticity around the eye R7}) + 1.87 \times (\text{Crow's feet Ra}) + 0.321 \times (\text{Sagging R})$

Multi Functional
Anti-Wrinkle
Serum & Cream

“10 years younger”

MULTI VITA RADIANCE SERUM

[NET WT. 30ml]

MULTI VITA RADIANCE SERUM

Concept

GENOSYS MULTI VITA RADIANCE SERUM helps even skin tone, revive skin's natural brightness and radiance with multi vitamins and patented melanin care complex, MELAZERO®.

[NET WT. 30ml]

- Powerful antioxidant effect with rich vitamins
- Brightens dull skin and even skin tone
- Prevents hyperpigmentation with patented melanin care complex, MELAZERO®
- Panthenol-rich formula gives skin a natural glow

MULTI VITA RADIANCE SERUM

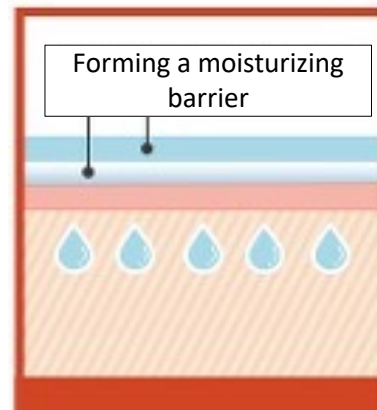

Panthenol-rich Formula

GENOSYS MULTI VITA RADIANCE SERUM gives skin a natural glow by forming a moisturizing barrier thanks to panthenol-rich formula.

* The color of the serum is the natural color of ingredients and no artificial pigment is added.

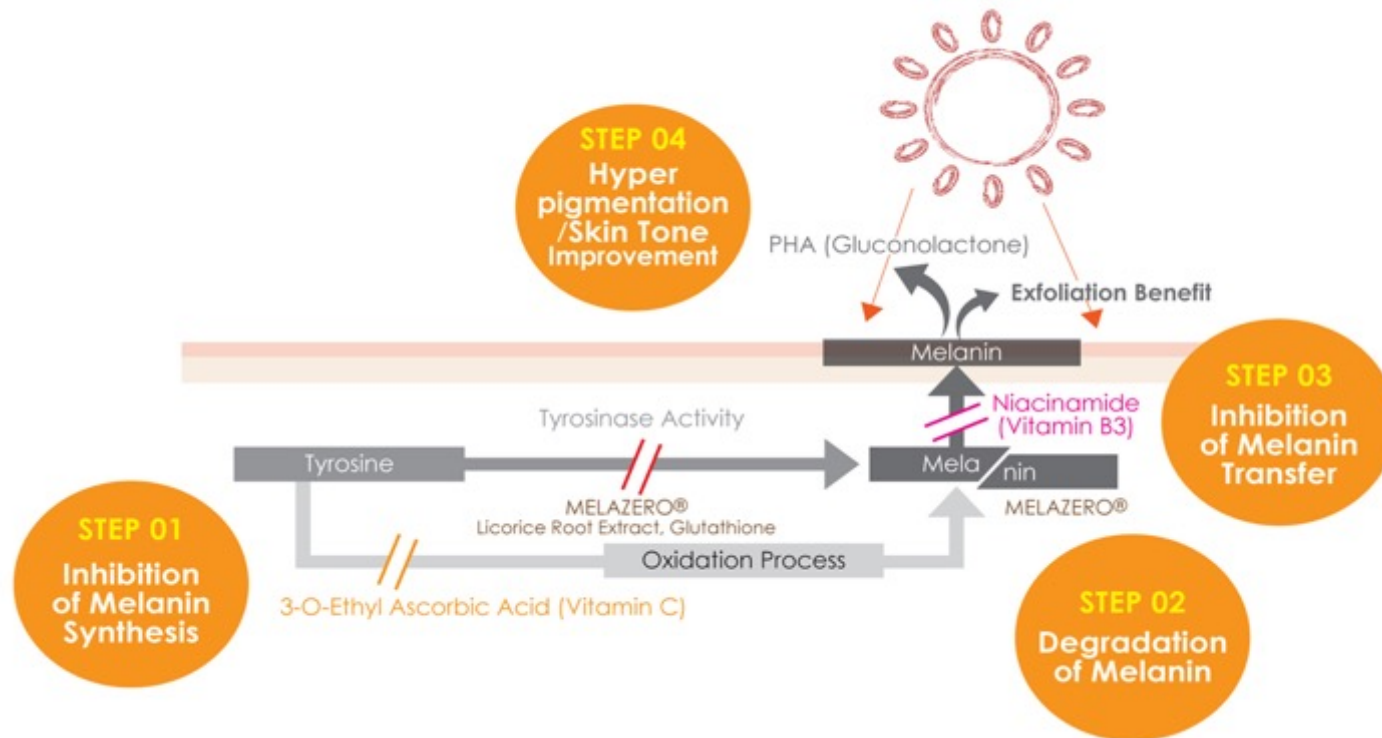

► Glowing effect by Panthenol

MULTI VITA RADIANCE SERUM

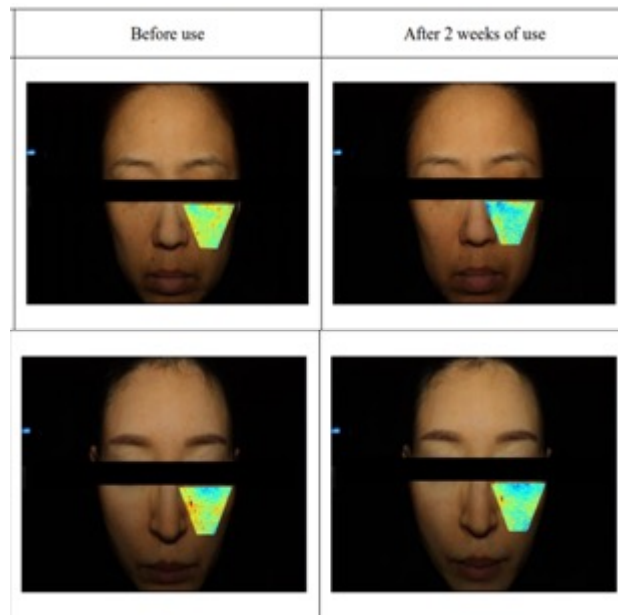

Mechanism

4 STEP Melanin Care

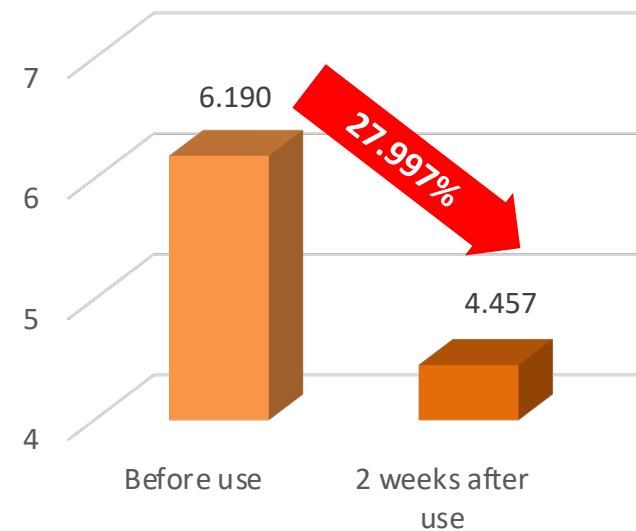

MULTI VITA RADIANCE SERUM

Clinical Trial – Improvement of Skin Surface Melanin

* Red indicated more pigmentation and blue indicates less pigmentation.

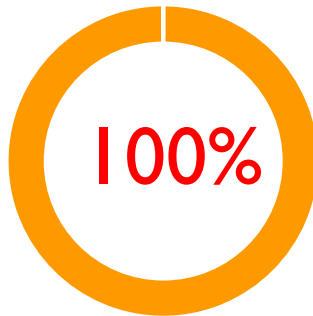

▶ GENOSYS MULTI VITA RADIANCE SERUM helps to improve skin surface melanin after 2 weeks of use.

MULTI VITA RADIANCE SERUM

Product Satisfaction Survey

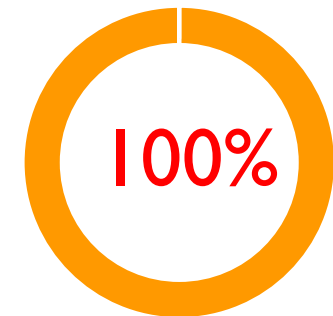

Skin tone has become even.

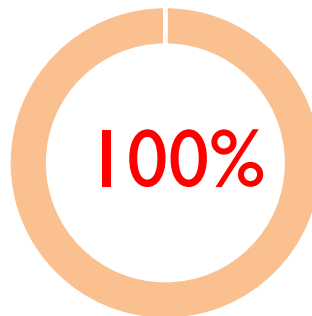

There was no dryness or inner tightness.

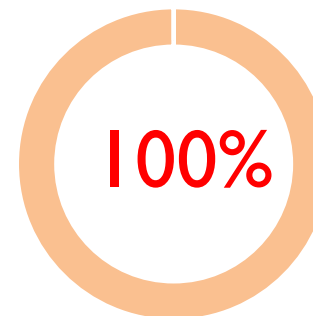

No irritation was felt on the skin

Satisfaction with product efficacy

Satisfaction with overall product use

* Test subjects: 21 adult women aged 20 to 59
(Positive response including moderate)

MULTI VITA RADIANCE SERUM

How to use

After cleansing prepare skin with a toner. Apply the product on the face and gently pat with fingers.

Apply the product on the face and gently massage.

- Store in a dry and cool place far from any source of heat, humidity, light and high temperature. We recommend keeping it in the refrigerator.
- If you use it in the morning or daytime, apply sunscreen over it.
- As it contains active vitamins, you may feel stinging sensation. Apply a small amount of the product when using it at first time and take time to adjust to it. But if irritation continues, stop using the product.

MULTI VITA RADIANCE SERUM

Key Ingredients

3-O-Ethyl Ascorbic Acid
12 Vitamin Complex
Niacinamide
Glutathione

**Melanin care by
antioxidant effect**

Eriobotrya Japonica Leaf Extract
Mentha Viridis (Spearment) Extract

**Melanin Care
by melanosome autophagy**

Panthenol
6 anti-inflammatory herbal extracts
4 anti-inflammatory active ingredients

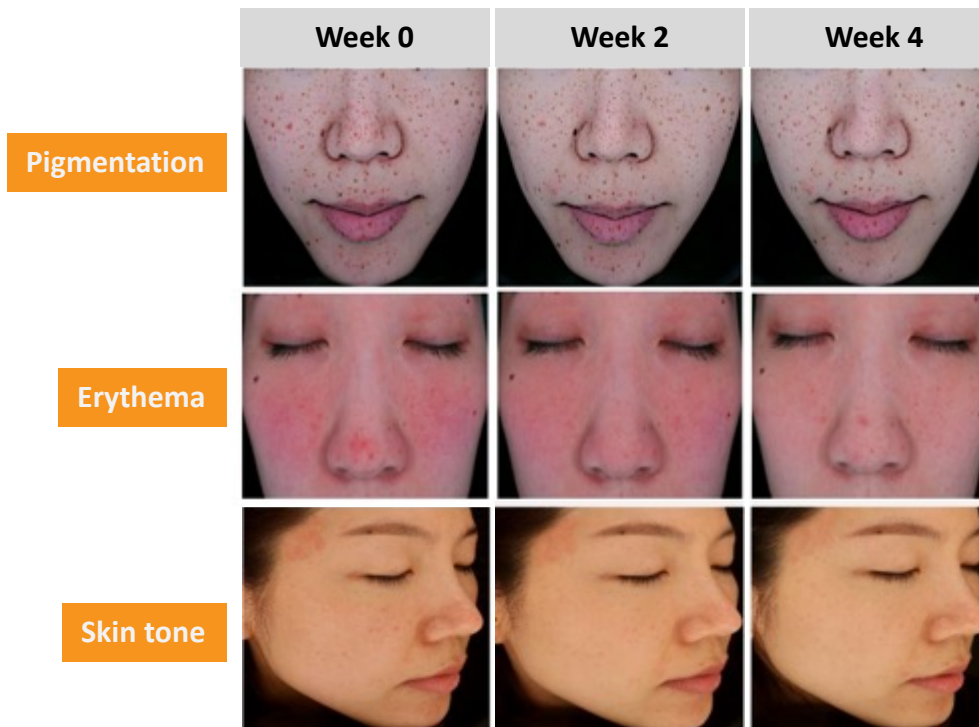

Anti-inflammation

MULTI VITA RADIANCE SERUM

MELAZERO®

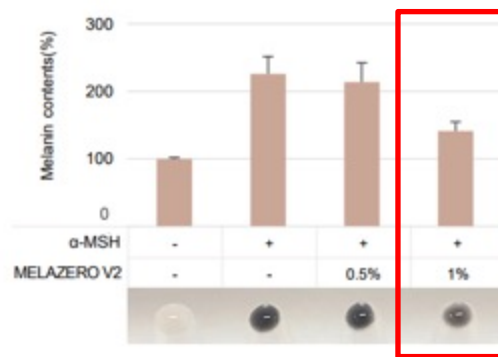

- Patented for inhibiting melanin production and promoting melanin decomposition
- Complex of Eriobotrya Japonica(Loquat) Leaf Extract, Mentha Viridis (Spearmint) Extract, Propanediol, 1,2-Hexanediol
- Clinical data

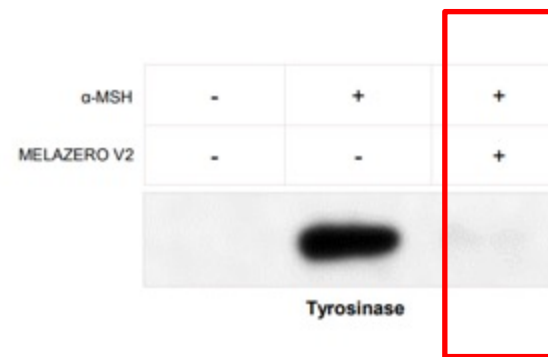

MULTI VITA RADIANCE SERUM

MELAZERO®

- Mechanism
 - › MELAZERO® helps inhibit the melanin production by α -MSH by reducing the tyrosinase expression.

MELAZERO® effectively inhibited the melanin production by α -MSH.

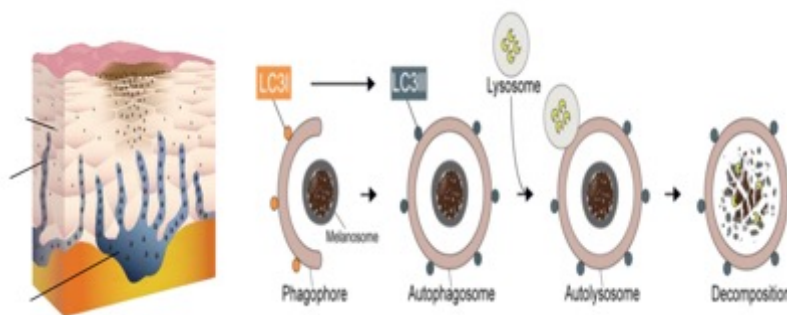

MELAZERO® markedly reduced the tyrosinase expression.

MULTI VITA RADIANCE SERUM

MELAZERO®

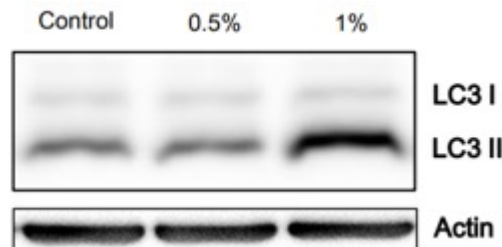

- Mechanism

› MELAZERO® promotes melanin decomposition by melanosome autophagy. Autophagy is a body's way of cleaning out damaged cells, in order to regenerate newer and healthier cells.

[Melanosome autophagy]

Step 1. The phagophore begins to wrap around the unnecessary melanosome.
Step 2. When the phagophore is converted to an autophagosome, LC3I is converted to LC3II.
Step 3. Autophagosome combines with lysosome containing degrading enzyme to become autolysosome.
Step 4. Lysosome degrading enzyme completely degrades melanosome.

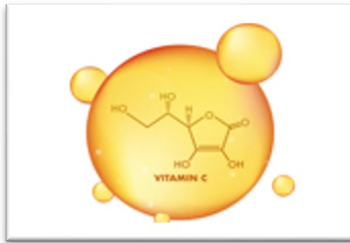

[LC3 conversion assay]

An increase in LC3II indicates activation of autophagy.

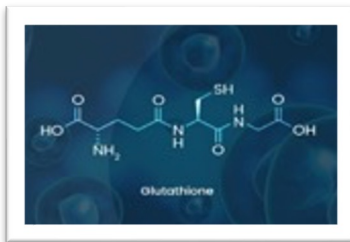

MULTI VITA RADIANCE SERUM

3-O-Ethyl Ascorbic Acid

- One of the most stable and less irritating derivative of pure vitamin C
- Powerful antioxidant
 - Inhibits melanogenesis by inhibiting the oxidation process where tyrosine is oxidized to melanin.
- It promotes collagen synthesis.

Glutathione

- Powerful antioxidant
 - It helps brighten and even skin by blocking the tyrosinase activity.

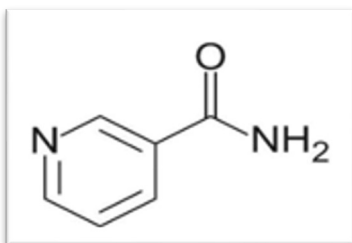

MULTI VITA RADIANCE SERUM

Multi Vita 12 Complex

- Vitamin A, B1, B3, B5, B6, B9, B12, C, E, F, H, K
- It improves skin tone, dark circles and redness.
- It promotes collagen synthesis.
- It protects skin from oxidative stress.
- It soothes and moisturizes the skin.

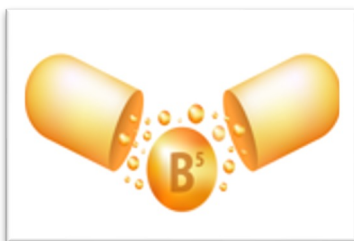

Niacinamide

- Vitamin B3
- It decreases hyperpigmentation, age spots and melasma by inhibiting the transfer of the melanosomes to the surrounding keratinocytes.
- It protects skin from free radicals and prevents oxidative stress.

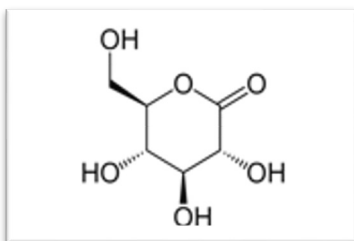

MULTI VITA RADIANCE SERUM

Panthenol

- Provitamin B5
- It provides deep penetrating moisture to skin.
- It reduces itching and inflammation of skin.

Gluconolactone

- PHA (Poly-Hydroxy Acid)
- It improves skin tone and texture by dissolving dead skin cells.
- It hydrates skin by attracting water to the skin.
- Good for all skin types, particularly for sensitive skin as it can't penetrate very deeply into skin due to its large molecule size.

MULTI VITA RADIANCE SERUM

Glycyrrhiza Uralensis (Licorice) Root Extract

Rich in Flavonoids (glabridin, liquiritin, licochalcone), Saponin (Glycyrrhizin)

- It inhibits melanogenesis by inhibiting tyrosinase activity.
- It provides anti-inflammatory effect
- It neutralizes free radicals.

Macadamia Ternifolia Seed Oil

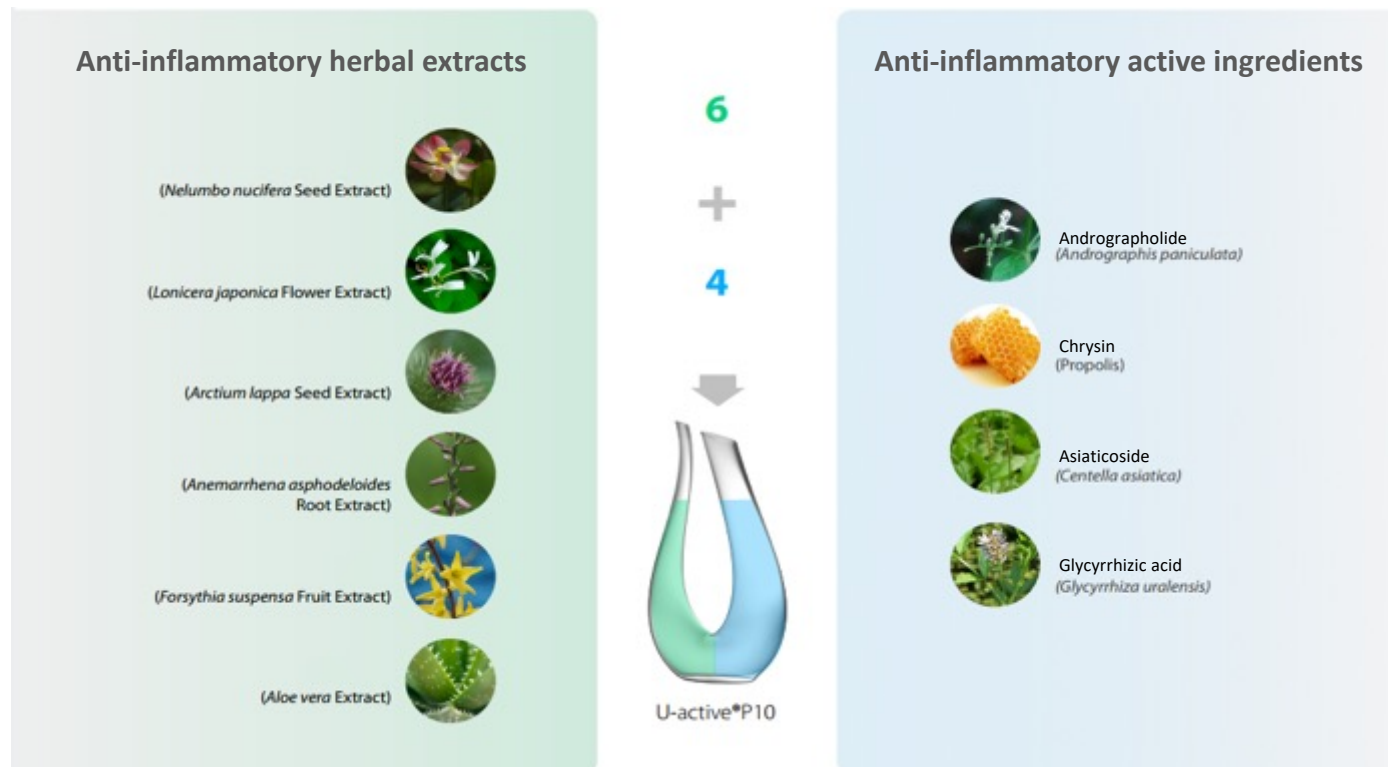

- Very similar to the naturally occurring sebum of the skin → an innate affinity with the epidermis
- Rich in phytosterols, flavonoids, antioxidants and essential fatty acids (omega 6, 7, 9)
- It fights free radicals that cause oxidative damages.
- It soothes skin and promotes wound healing.
- It creates a natural protective barrier.
- It hydrates skin.

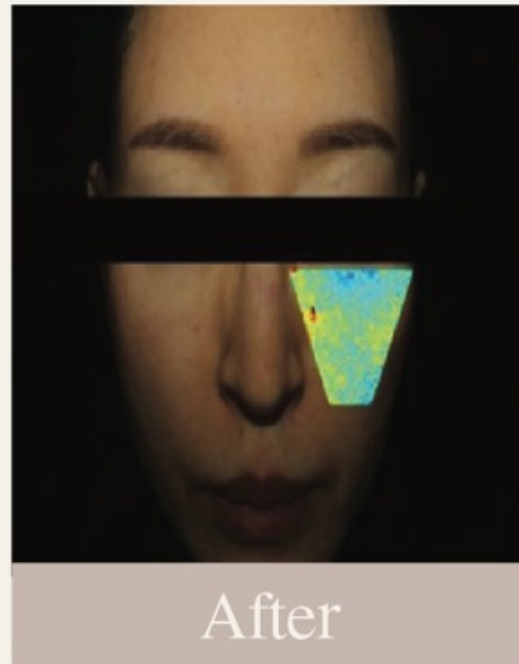

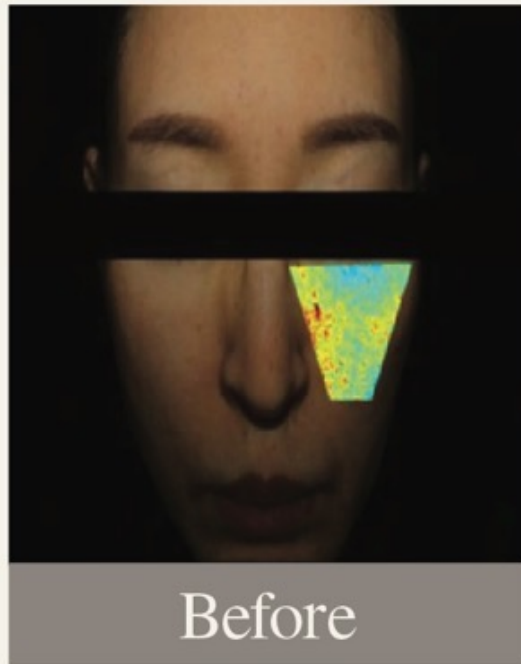

MULTI VITA RADIANCE SERUM

U-active®P10

- Complex of anti-inflammatory herbs

CLINICAL TRIAL DATA

Multi Vita
Radiance Serum

Improvement rate
"42.3%"

- ◀ Red - high pigmentation
- Yellow - medium pigmentation
- Blue - low pigmentation

MOISTURE REPLENISHING HYALURON SERUM

[NET WT. 30ml]

MOISTURE REPLENISHING HYALURON SERUM

Concept

GENOSYS MOISTURE REPLENISHING HYALURON SERUM is a coconut water-based serum that quickly replenishes moisture from the deep inside and infuses skin with multi depth hydration with hyaluronic acid complex and various mushrooms.

[NET WT. 30ml]

- For both dry skin and *dehydrated skin
- * Dehydrated skin: A temporary skin condition, rather than a skin type, that occurs when there is lack of water in the skin. This can happen to any type of skin – even oily or combination skin.
- Coconut water-based instead of purified water (Coconut water complex 78%)
- 11 types of hyaluronic acid with various molecular weights (low molecular weight, medium molecular weight, high molecular weight) provide multi-depth hydration to skin
- Rich in ultra low molecular weight hyaluronic acid (2,000ppm), it quickly replenishes moisture from the deep inside
- Provides long-lasting hydration by improving skin's ability to retain moisture
- Strengthens skin's moisture barrier
- Safe for pregnant/lactating women and children

MOISTURE REPLENISHING HYALURON SERUM

Base Formula

GENOSYS MOISTURE REPLENISHING SERUM is a sky blue lightweight yet long-lasting hydrating serum based on coconut water.

* The color of the serum is the natural color of ingredients and no artificial pigment is added.

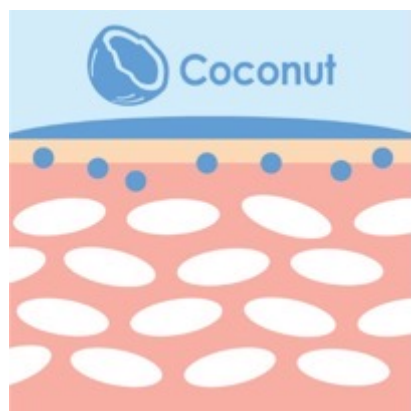

► Coconut water provides skin with natural electrolytes such as sodium, potassium and magnesium, which are responsible for propelling water into the skin and pulling it into the deeper layers where it's most needed. Once the electrolytes have led moisture into the skin, they balance the water content too.

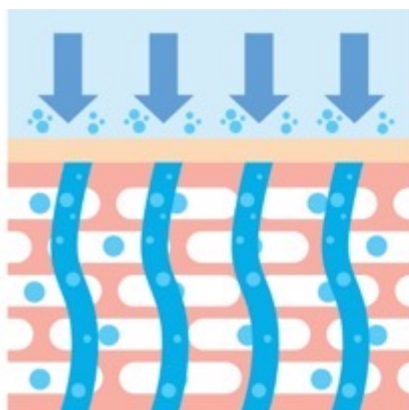

► Thanks to its high levels of lauric acid that has anti-inflammatory, antiviral and antibacterial properties, coconut water helps reduce skin inflammation.

MOISTURE REPLENISHING HYALURON SERUM

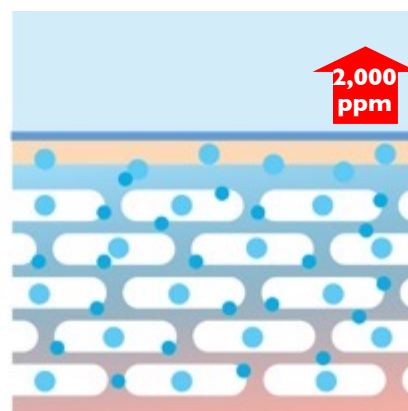

Mechanism

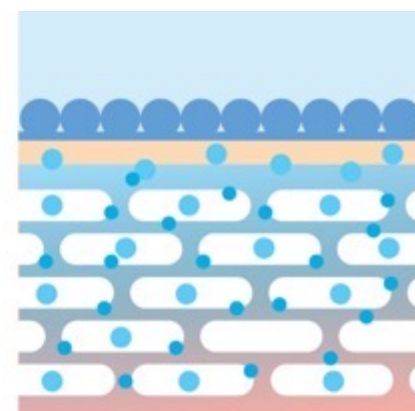

Electrolytes in coconut water lead moisture into the skin and balance the water content.

By stimulating the formation of aquaporin, it opens water-transport channel, and attracts moisture to the skin with 'moisture magnet' ingredient.

Low/middle molecular weight hyaluronic acids replenish moisture layer by layer from the inside of the skin.

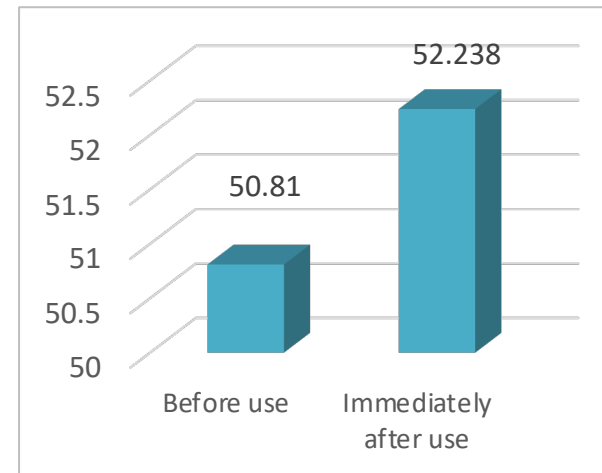

- High molecular weight hyaluronic acid prevents moisture evaporation by forming moisture barrier on the skin surface.
- Mushrooms nourish and protect skin with powerful anti-inflammatory and antioxidant properties.

MOISTURE REPLENISHING HYALURON SERUM

Clinical Trial – Deep Skin Hydration (Inner Hydration)

“ Deep skin hydration (inner hydration)
: The value significantly improved
immediately after use compared to before
use. ”

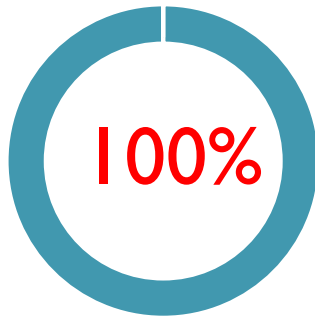

► GENOSYS MOISUTRE REPLENISHING HYALURON SERUM helps to improve immediate deep skin hydration (inner hydration) after single use.

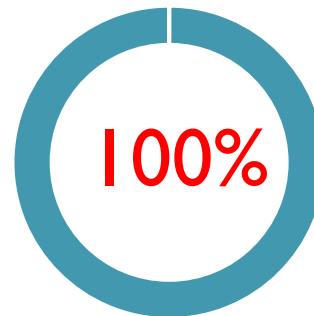

MOISTURE REPLENISHING HYALURON SERUM

Product Satisfaction Survey

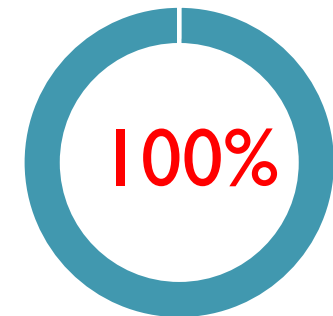

Moisture was felt sufficiently.

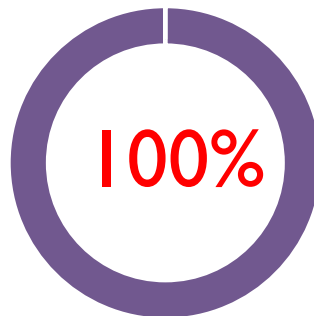

Moisture lasted for a long time.

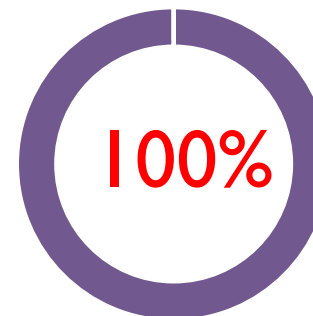

After using the product, there was no peeling of keratin.

Satisfaction with product efficacy

Satisfaction with overall product use

* Test subjects: 21 adult women aged 20 to 59
(Positive response including moderate)

MOISTURE REPLENISHING HYALURON SERUM

How to Use

After cleansing prepare skin with a toner. Apply the product on the face and gently pat with fingers.

Apply the product on the face and gently massage as if applying a moisturizing film on the skin.

- The color of the serum is the natural color of ingredients and no artificial pigment is added.
- If you want additional moisture layering, INTENSIVE HYDRO SOOTHING CREAM can be used together.

MOISTURE REPLENISHING HYALURON SERUM

Key Ingredients

Cocos Nucifera (Coconut) Water
11 Hyaluronic Acid Complex
Saccharide Isomerate (Moisture magnet)
Glyceryl Glucoside (Aquaporin stimulator)

Tremella Fuciformis (Mushroom) Extract
Saccharomyces Ferment Filtrate

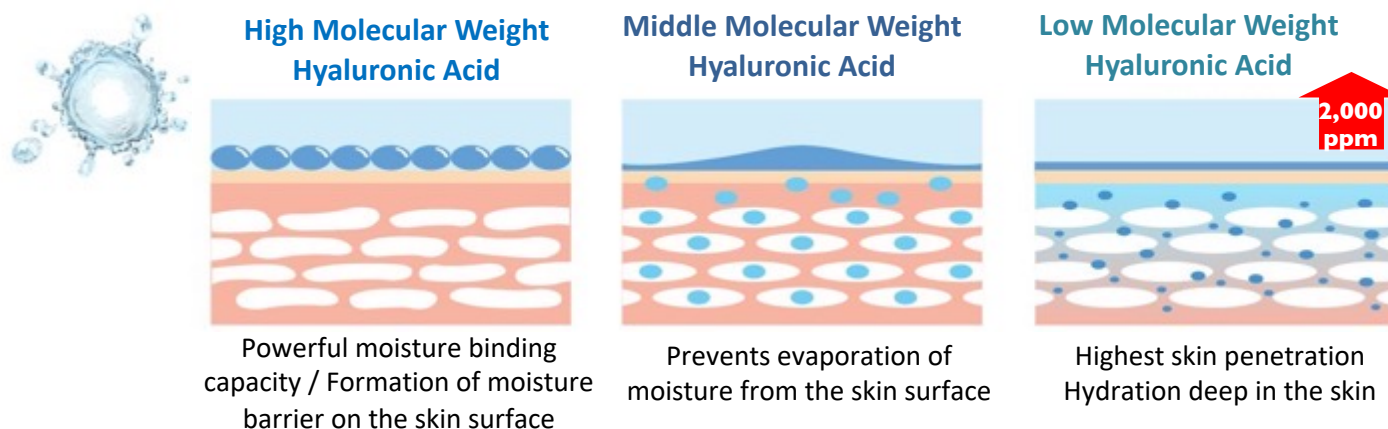

Anti-
inflammatory
& Antioxidant

MOISTURE REPLENISHING HYALURON SERUM

Hyaluronan 11 Multi-Complex

- Natural moisturizing factor (NMF) with strong moisture binding capacity
- 11 types of hyaluronic acid with various molecular weights (low molecular weight, medium molecular weight, high molecular weight) provide multi-depth hydration to skin.
- In particular, the product contains a large amount (2,000ppm) of high molecular weight hyaluronic acid to form a strong moisturizing film over skin.
- INCI: Sodium Hyaluronate, Hyaluronic Acid, Sodium Hyaluronate Crosspolymer, Potassium Hyaluronate, Hydroxypropyltrimonium Hyaluronate, Hydrolyzed Sodium Hyaluronate, Hydrolyzed Hyaluronic Acid, Sodium Acetylated Hyaluronate

MOISTURE REPLENISHING HYALURON SERUM

Tremella Fuciformis

- Tremella Fuciformis Polysaccharide & Tremella Fuciformis Extract
- Snow fungus, a type of mushroom that belongs to Tremellaceae family
- It can hold nearly 500 times its weight in water, making it deeply hydrating.
- As a natural source of hyaluronic acid, it stimulates the production of hyaluronic acid.
- Rich source of polysaccharides
 - It reduces skin inflammation thanks to its anti-inflammatory, antimicrobial and antiviral properties.
 - As a powerful water-binding agent, it keeps skin hydrated.
 - It promotes skin collagen synthesis.
- Vitamin D helps relieve skin inflammation.
- It protects skin from free radical damage that can cause premature aging.

MOISTURE REPLENISHING HYALURON SERUM

Mushroom Complex

- Complex of Trametes Versicolor(Turkey Tail) Extract, Sparassis Crispa(Cauliflower Fungus) Extract, Ganoderma Lucidum (Mushroom) (Lacquered Bracket) Extract, Phellinus Linteus(Blackhead Mushroom) Extract, Saccharomyces Ferment Filtrate
- Rich source of polysaccharides
 - It reduces skin inflammation thanks to its anti-inflammatory, antimicrobial and antiviral properties.
 - As a powerful water-binding agent, it keeps skin hydrated.
 - It promotes skin collagen synthesis.
- Mushrooms have high amounts of antioxidants, protecting skin from oxidative stress.

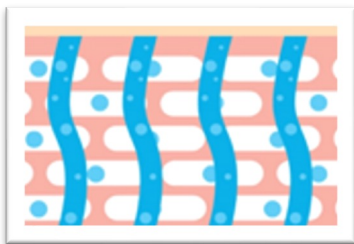

MOISTURE REPLENISHING HYALURON SERUM

PENTAVITIN™

- INCI: Saccharide Isomerate
- Plant-derived skin identical carbohydrate → It closely resembles the carbohydrates in the outermost layer of the skin.
- It is known as moisture magnet as it binds itself to the free amino group of lysine in keratin and attracts water to skin.
- It restores skin's barrier function rapidly.
- It helps relieve itchy, flaky and dry skin.

Glyceryl Glucoside

- By stimulating the formation of aquaporin, water-transport channel, it promotes delivery of moisture deep into the skin.
- It draws moisture to the skin and locks it there to prevent dehydration.

MOISTURE REPLENISHING HYALURON SERUM

Cocos Nucifera (Coconut) Water

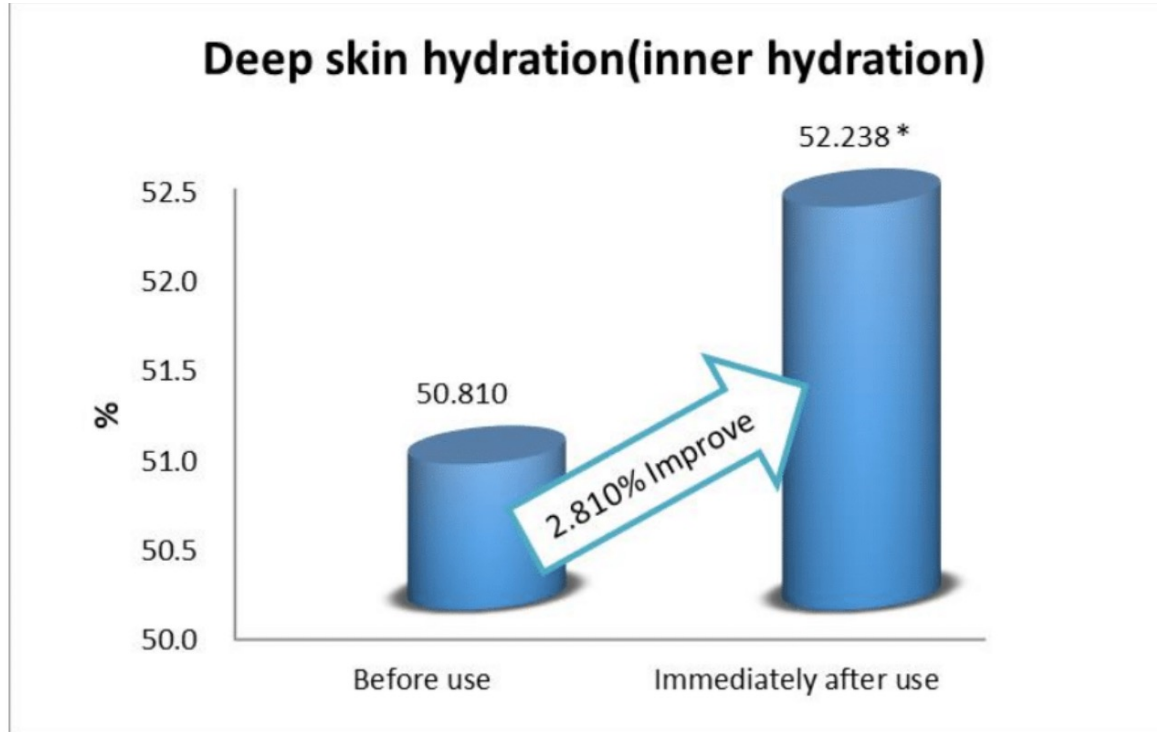

- It provides skin with natural electrolytes such as sodium, potassium and magnesium, which are responsible for propelling water into the skin and pulling it into the deeper layers where it's most needed. Once the electrolytes have led moisture into the skin, they balance the water content too.
- Thanks to its high levels of lauric acid that has anti-inflammatory, antiviral and antibacterial properties, it helps reduce skin inflammation.

Solanum Melongena (Eggplant) Fruit Extract

- Rich in polyphenols such as anthocyanin, It protects skin from free radicals and prevents oxidative stress.
- Rich in lupeol, it helps relieve inflammation and soothe skin.
- High in water content (around 90%), it keeps skin soft and hydrated.

CLINICAL TRIAL DATA

⇒ Improvement rate(%)= $\frac{(\text{after}-\text{before})}{\text{before}} \times 100$
*: $p < 0.05$ by Paired t-test

The value significantly improved immediately after use compared to before use

ALL FOR SENSITIVE SERUM

[NET WT. 30ml]

ALL FOR SENSITIVE SERUM

Concept

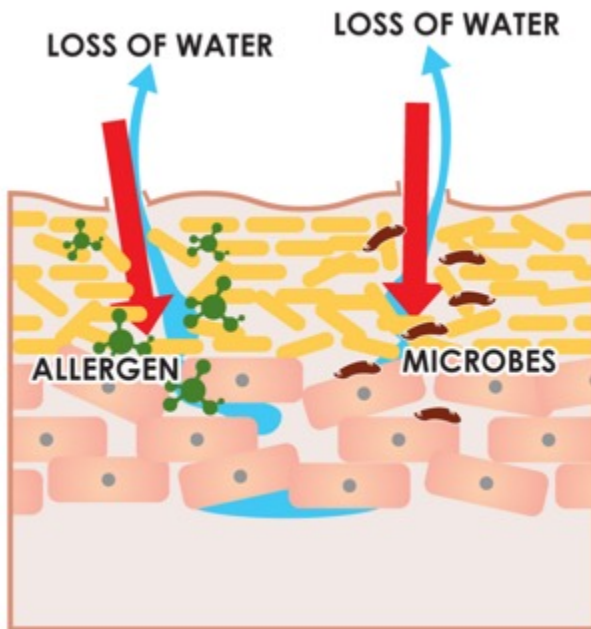

GENOSYS ALL FOR SENSITIVE SERUM is a skin repairing serum that provides moisture barrier to skin and relieves the sensitized skin with its anti-inflammatory and soothing properties.

- For sensitive or irritated skin
- Powerful anti-inflammatory effect with patented skin protecting complex, MultiEx BSASM® Plus
- Strengthens skin's protective barrier
- Soothes and Moisturizes skin

ALL FOR SENSITIVE SERUM

Sensitive Skin

Sensitive skin occurs when the protective barrier of skin is compromised and vulnerable.

- ✓ Water loss
- ✓ Imbalance of oil and moisture in skin
- ✓ Penetration of irritants

itching, burning sensation, redness, swelling, rashes, etc.

ALL FOR SENSITIVE SERUM

Effects

Hydrating &
Moisturizing

Soothing &
Skin relief

Skin friendly

Promotes water retention

Restores and strengthens
skin barrier

Anti-inflammatory effect

Anti-bacterial effect

5 No-additions

ALL FOR SENSITIVE SERUM

MultiEx BSASM[®] (Bio Spectrum Atopy Soothing Max) Plus

✓ **Anti-inflammatory effect**

✓ **Immunomodulatory effect**

✓ **Excellent soothing effect**

- Rosmarinus Officinalis (Rosemary) Leaf Extract
- Chamomilla Recutita (Matricaria) Flower Extract
- Camellia Sinensis Leaf Extract
- Centella Asiatica Extract
- Glycyrrhiza Glabra (Licorice) Root Extract
- Polygonum Cuspidatum Root Extract
- Scutellaria Baicalensis Root Extract

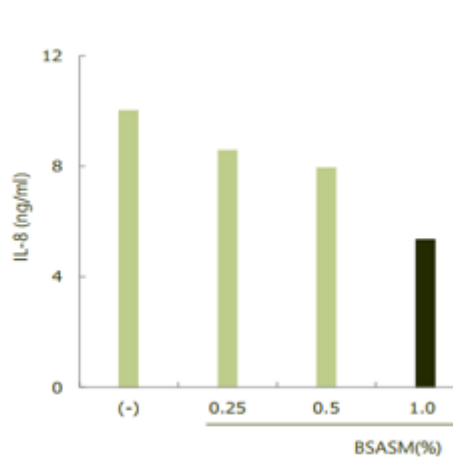

* These ingredients are selected via in-vitro NF-kB & IL-2 Promoter assay among the natural extracts known for their excellent soothing effect.

ALL FOR SENSITIVE SERUM

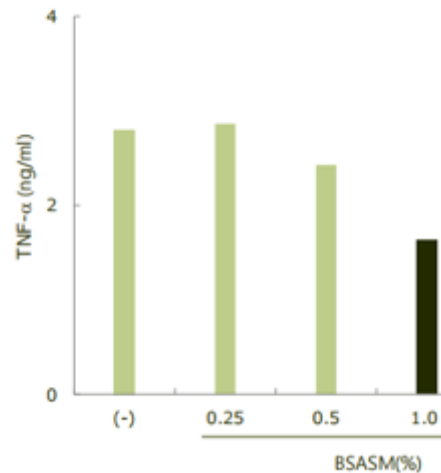

MultiEx BSASM® Plus

☑ Anti-inflammatory effect

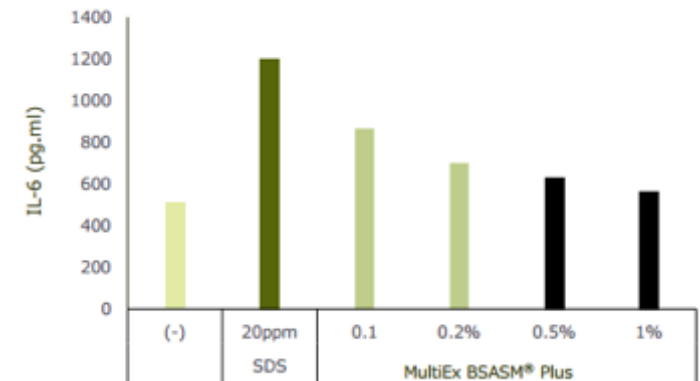

- Reduction of IL-8 / TNF- α / IL-6 production

- IL-8 : Inflammation mediating cytokine
- MultiEx BSASM® Plus 1% reduced IL-8 up to 46.4% .

- TNF- α : Inflammatory cytokine
- MultiEx BSASM® Plus 1% reduced TNF- α up to 41.8% .

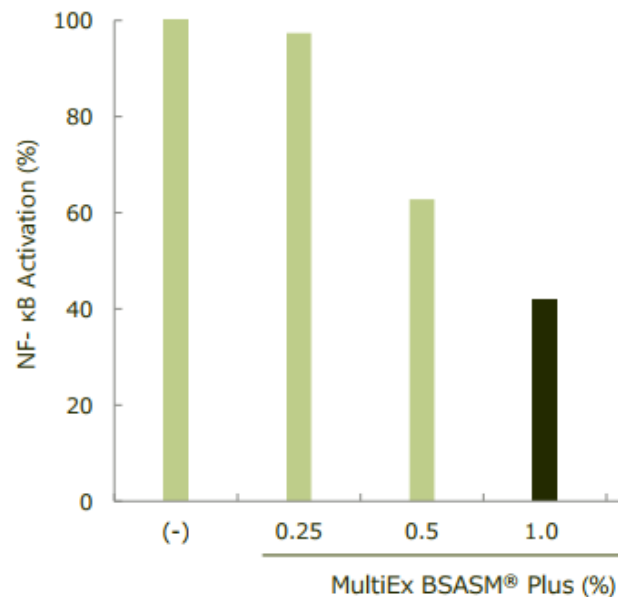

- IL-6 : Inflammatory cytokine
- MultiEx BSASM® Plus 1% reduced TNF- α up to 52% .

ALL FOR SENSITIVE SERUM

MultiEx BSASM® Plus

☑ Immunomodulatory effect

- Inhibition of NF-κB activation

- NF-κB : key role in regulating the immune response to infection
- MultiEx BSASM® Plus 1% reduced NF-κB up to 58.2% .

ALL FOR SENSITIVE SERUM

High Molecular Sodium Hyaluronate(HA)

☑ Moisture Retention & Plumping Effect

Macromolecular HA
(↑2 million Dalton)

Instant plumping
by injection

High molecular HA
(1.65 ± 0.35 million Dalton)

**Intensive hydrating and firming
by transdermal delivery
assisted by GENOSYS
HOMECARE ROLLER**

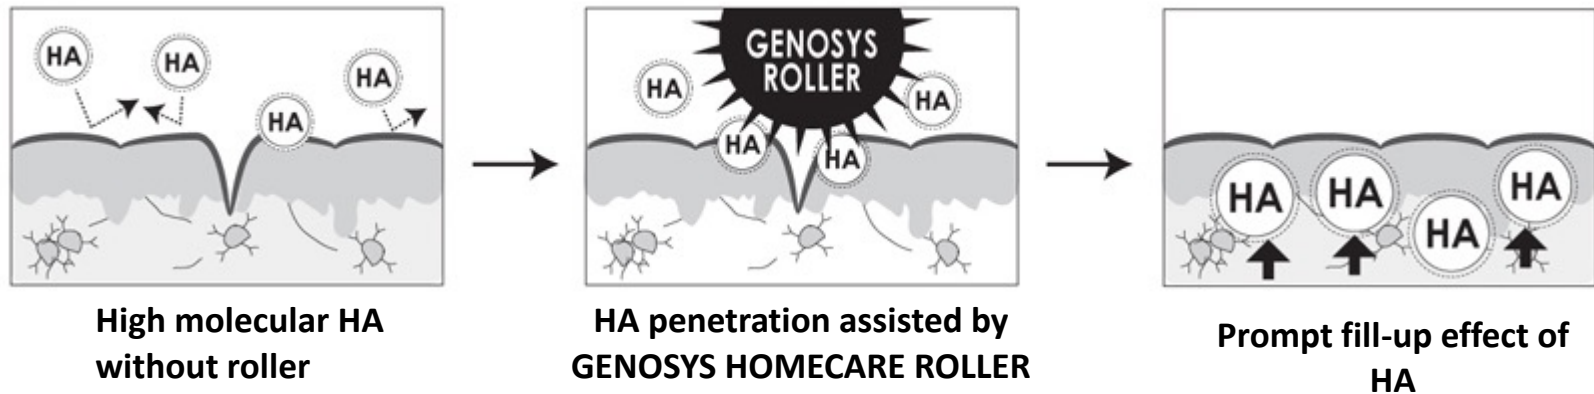

Low molecular HA
(↓1 million Dalton)

Moisturizing effect by
intracellular
absorption

ALL FOR SENSITIVE SERUM

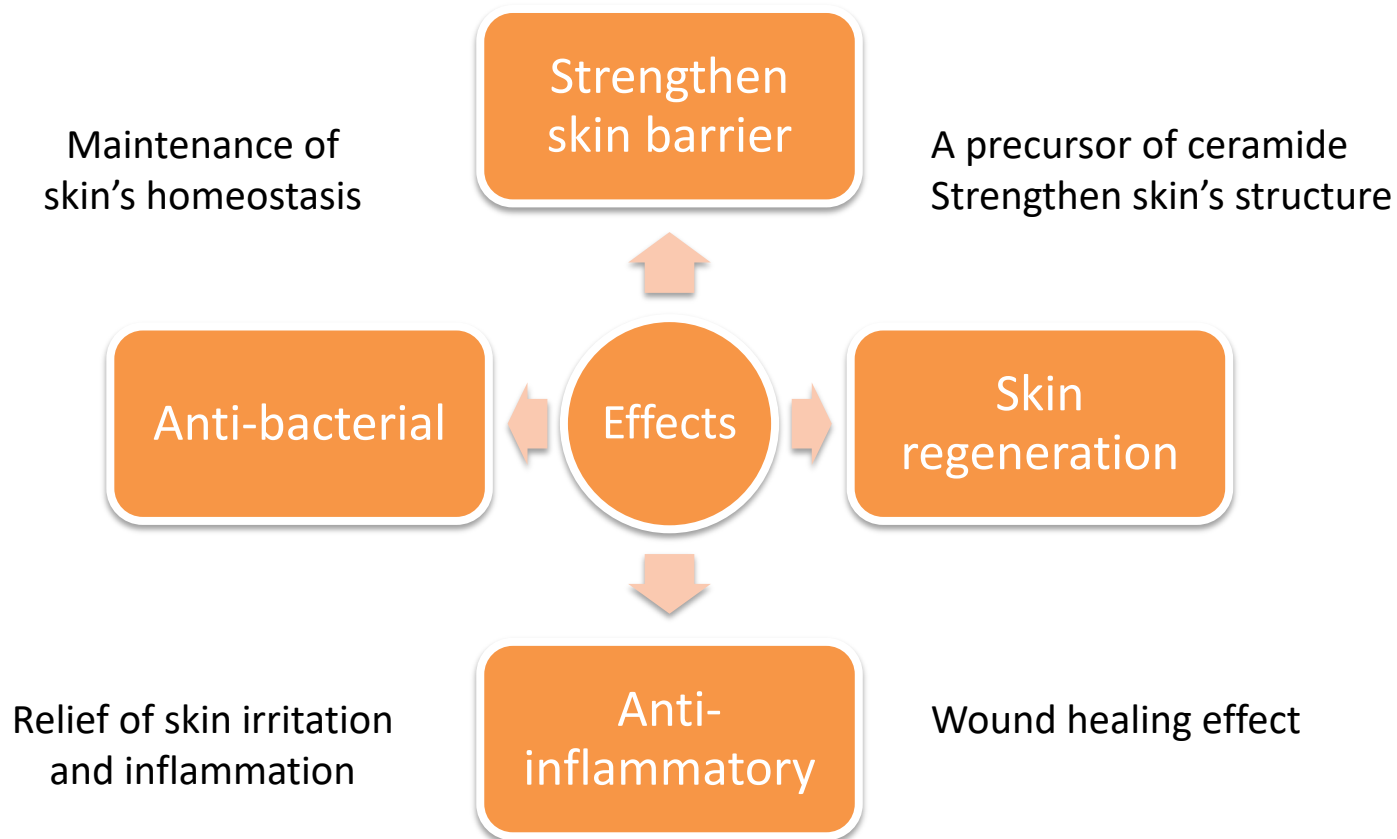

High Molecular Sodium Hyaluronate(HA)

- HA = Natural Moisturizing Factor
- Space filler between collagen and elastic → Maintains skin's firmness
- Water attracting property → Excellent hydration
- The bigger the molecular size of HA is, the greater the water-binding capacity of HA is.
→ Moisture retention lasts longer.
- With GENOSYS HOME CARE ROLLER, HA is delivered effectively into the skin and shows instant hydrating and firming effect.

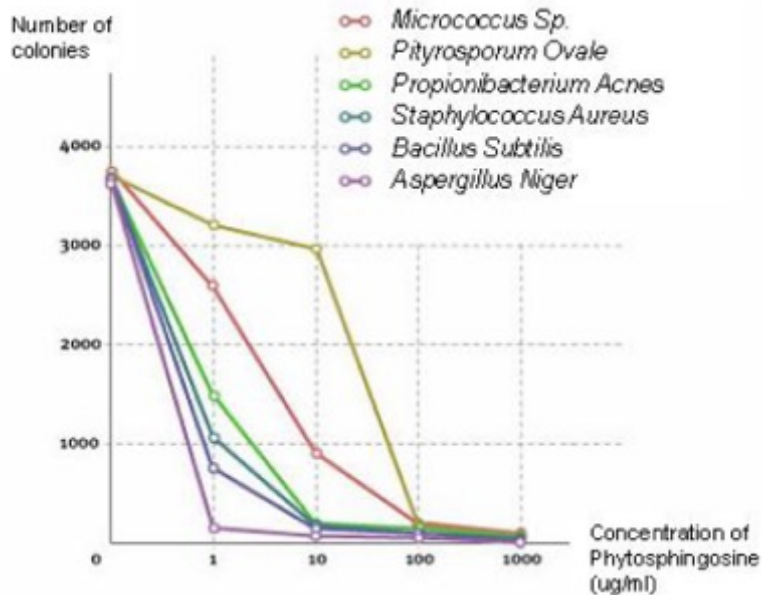

ALL FOR SENSITIVE SERUM

Phytosphingosine

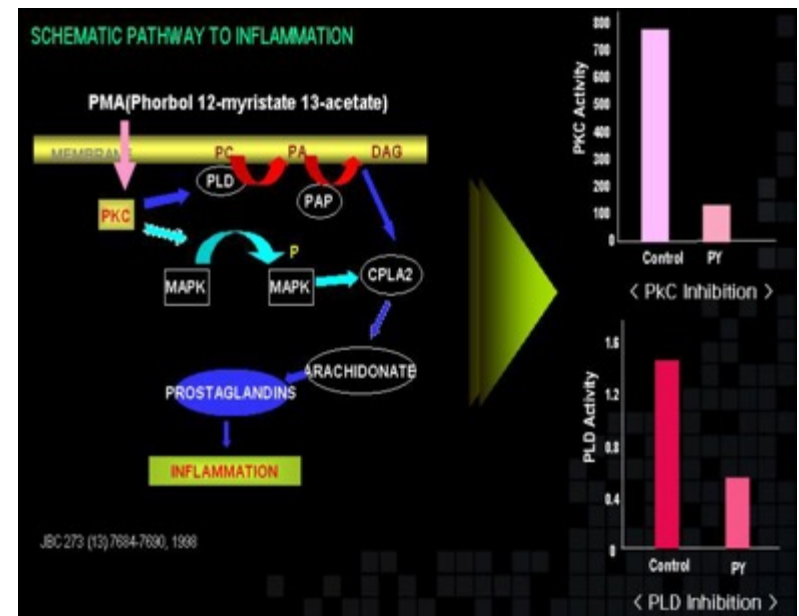

ALL FOR SENSITIVE SERUM

Phytosphingosine

[Anti-microbial effect]

[Anti-inflammatory effect]

ALL FOR SENSITIVE SERUM

Betaine

- It brings superior hydration to the skin.
- With excellent anti-inflammatory properties, it helps reduce redness and irritation.

Aloe Barbadensis Leaf Extract

- It offers antioxidant qualities to defend skin from environmental stressors.
- It reduces irritation and promote healing.
- It moisturizes skin.

Nelumbo Nucifera Flower Extract

- As an antioxidant, it helps neutralize oxygen free radicals to protect skin from oxidative stress.
- It has calming and soothing properties.
- As a good moisturizing agent, it improves skin's moisture balance.

ALL FOR SENSITIVE SERUM

Hamamelis Virginiana (Witch Hazel) Extract

- Anti-inflammatory effect
- Antioxidation effect by tannins
- It helps minimize the look of enlarged pores.

Allantoin

- It soothes skin with excellent anti-inflammatory and anti-irritant properties.
- It increases the water content of skins' extracellular matrix.
- It exfoliates dead skin cells, resulting in a cleanser, brighter complexion.

PROBLEM CONTROL SERUM

[NET WT. 30ml]

PROBLEM CONTROL SERUM

Concept

GENOSYS PROBLEM CONTROL SERUM helps to regulate excessive oil and serum production that can lead to acne breakouts for oil and combination skin.

[NET WT. 30ml]

- For blemish-prone skin and oily skin
- Anti-blemishes
- Sebum control
- Reduces oiliness while keeping skin moist
- Improves skin clarity

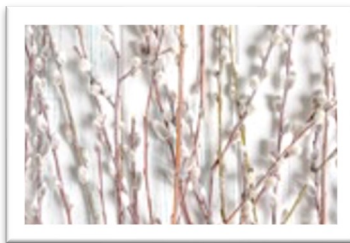

PROBLEM CONTROL SERUM

Zinc PCA

- It inhibits the proliferation of Propionibacterium acnes and Staphylococcus epidermis.
- It has anti-seborrheic effect.
- It reduces sebum secretion by inhibiting 5 α -reductase

Salix Nigra (Willow) Bark Extract

- It helps correct the abnormal desquamation process that occurs in acne prone skin.
- It works as an exfoliant by promoting the sloughing away of dead skin cells

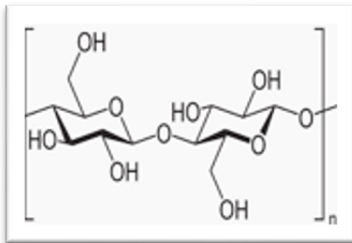

PROBLEM CONTROL SERUM

Trehalose

- Found in cactus which has excellent rehydrating and water binding properties as well as antioxidant powers.

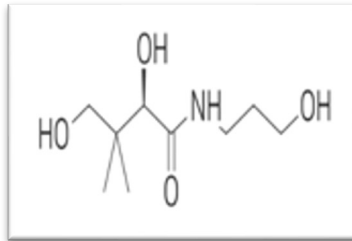

Beta-Glucan

- As a soothing agent, it helps minimize skin irritations including redness.
- It forms a protective film on skin's surface, strengthening the natural barrier.
- It moisturizes skin.

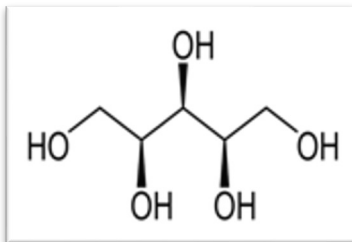

PROBLEM CONTROL SERUM

Panthenol

- Provitamin B5
- It provides deep penetrating moisture to skin.
- It reduces itching and inflammation of skin.

Xylitol

- It has excellent antibacterial, antiviral, antifungal properties.
- It binds moisture in skin and reduces skin moisture loss.

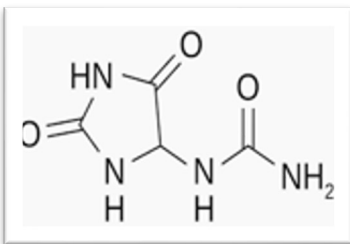

PROBLEM CONTROL SERUM

Leuconostoc/Radish Root Ferment Filtrate

- It assists acne-prone skin by inhibiting the growth of active bacteria at the skin's surface.
- With excellent anti-inflammatory properties, it helps to reduce redness, swelling and itchiness

Allantoin

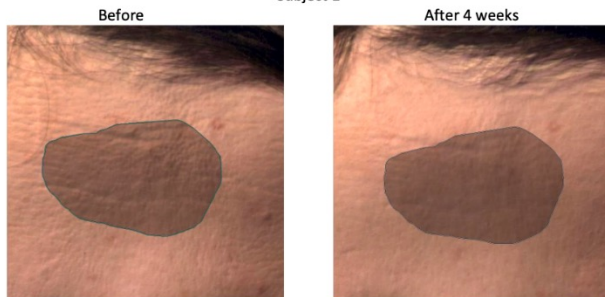

- It soothes skin with excellent anti-inflammatory and anti-irritant properties.
- It increases the water content of skins' extracellular matrix.
- It exfoliates dead skin cells, resulting in a cleanser, brighter complexion.

Subject 1

The conducted studies have shown that regular and systematic application of the tested product “GENOSYS Problem Control Serum” reduces sebum by 17% and colour-blemishes by 8% after 4 weeks of application.

MULTI FUNCTIONAL ANTI-WRINKLE CREAM

[Homecare - NET WT. 50g]

Professional - NET WT. 250g]

MULTI FUNCTIONAL ANTI-WRINKLE CREAM

Concept

GENOSYS MULTI FUNCTIONAL ANTI-WRINKLE CREAM is an anti-aging cream that makes skin supple and radiant with a nourishing ingredient – bakuchiol, a natural alternative to Retinol and skin firming ingredients – propolis and collagen.

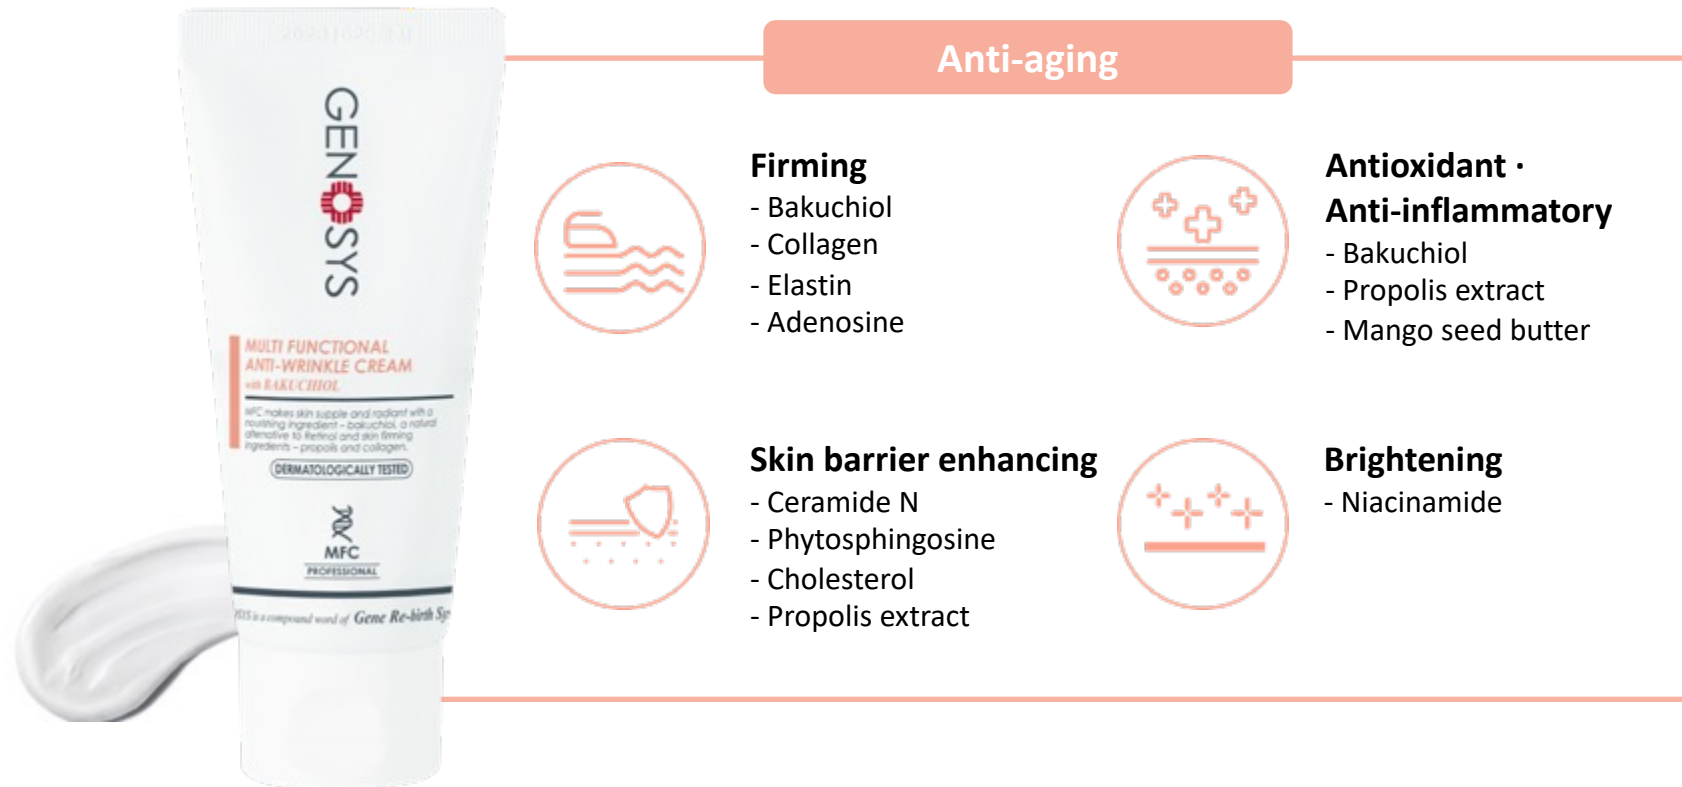

[Homecare - NET WT. 50g]

[Professional – NET WT. 250g]

- Helps smooth wrinkles and firm skin
- Promotes collagen synthesis
- Protects skin from oxidative stress
- Helps even skin tone

MULTI FUNCTIONAL ANTI-WRINKLE CREAM

Mechanism

MULTI FUNCTIONAL ANTI-WRINKLE CREAM

Bakuchiol

Bakuchiol is a natural ingredient derived from the seeds of the babchi plant, also known as *Psoralea corylifolia* traditionally used in Indian ayurvedic and Chinese medicine.

BJD

Bakuchiol was shown in a recent study published in British J Dermatology to match the established benefits of retinol, with a better skin tolerance

Further to this publication, there has been a strong emphasis on Bakuchiol from key opinion leaders

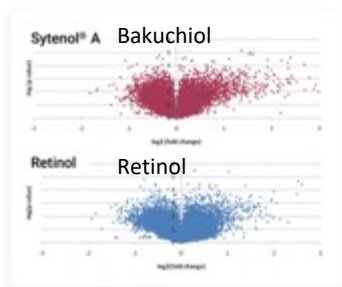

- Natural alternative to retinol that manages to have retinol functionality through “retinol-like regulation of gene expression
- Safe plant derived ingredient without side effects
- Unlike retinol, it is photostable and can be used during the day.
- It firms skin and improves wrinkles by promoting collagen production.
- It promotes cell turnover.
- It is a potent antioxidant.
- It normalize sebum levels by downregulating 5- α -reductase, an enzyme that triggers excessive oil production.
- It prevents acne with excellent anti-inflammatory and antibacterial properties.

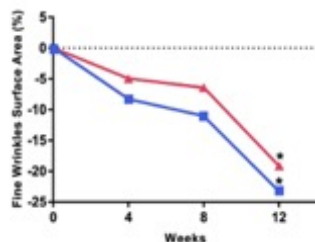

MULTI FUNCTIONAL ANTI-WRINKLE CREAM

Retinol vs Bakuchiol

Retinol is a popular ingredient thanks to its excellent anti-aging properties. However, due to irritation, it is not recommended for sensitive skin and pregnant women, and special care is needed when storing the product containing retinol due to rapid degradation and corrosion.

→ Bakuchiol and retinol show dramatic similarities in gene expression profiles of the two compounds indicating similar functional analogy.

→ Bakuchiol and retinol both significantly decreased wrinkle surface area with no statistical difference between the compounds.

Retinol

Synthetic derivative

Irritating

Not recommended
for sensitive skin

Photosensitive →
Not safe to use during
sun exposure

Bakuchiol

Plant derived

Gentle on the skin

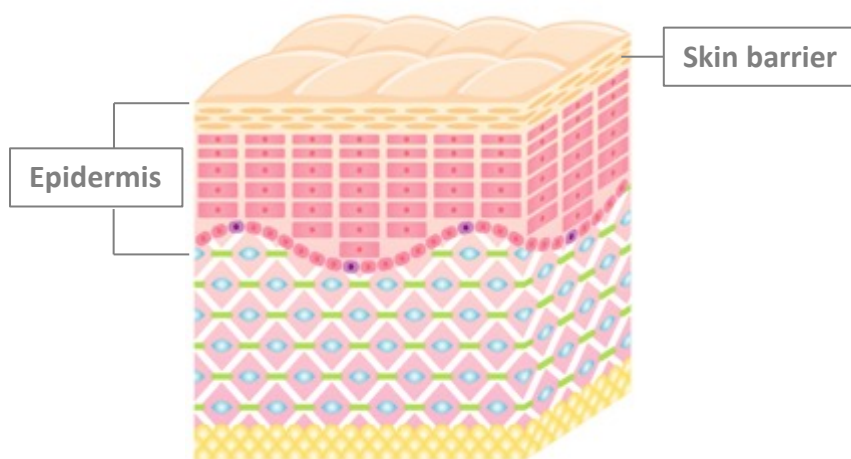

Recommended
for all skin types

Photostable →
Safe to use during
sun exposure

MULTI FUNCTIONAL ANTI-WRINKLE CREAM

Lipid Barrier Liposome

As a component of 'intercellular lipid' that forms skin barrier, lipid barrier liposome helps strengthen the binding force of the skin barrier.

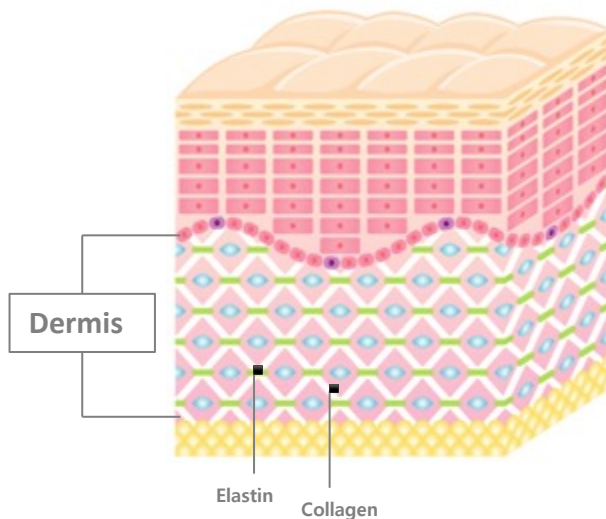

- Ceramide NP: account for 50% of skin cell intercellular lipids
- Cholesterol: account for 25% of skin cell intercellular lipids
- Phytosphingosine: a precursor of ceramide

Epidermis (Skin barrier) Care

MULTI FUNCTIONAL ANTI-WRINKLE CREAM

ECM Components

As components of 'extracellular matrix (ECM)' that support and protect the skin structure between cells in the dermis, ECM components keep skin solid.

■ Collagen

- It gives skin strength and firmness.
- It supports structural health.

■ Elastin

- It gives skin resilience and elasticity.
- It allows the skin to be flexible and bounce back to its original shape.

Dermis Care

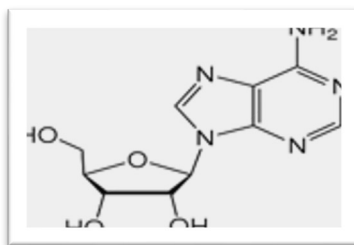

MULTI FUNCTIONAL ANTI-WRINKLE CREAM

Propolis Extract

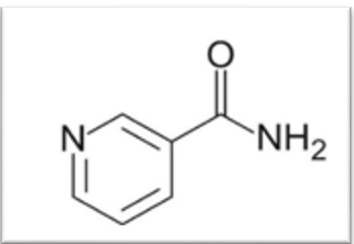

- It protects the skin from free radicals with abundant flavonoids.
- Due to its antibacterial and anti-inflammatory properties, it helps speed up the wound healing process.
- Propolis helps skin retain more moisture to maintain a healthier, more vibrant complexion.

Adenosine

- It improves wrinkles and firm skin by increasing collagen synthesis and stimulating fibroblasts in the skin.
- Anti-inflammatory effect

Niacinamide

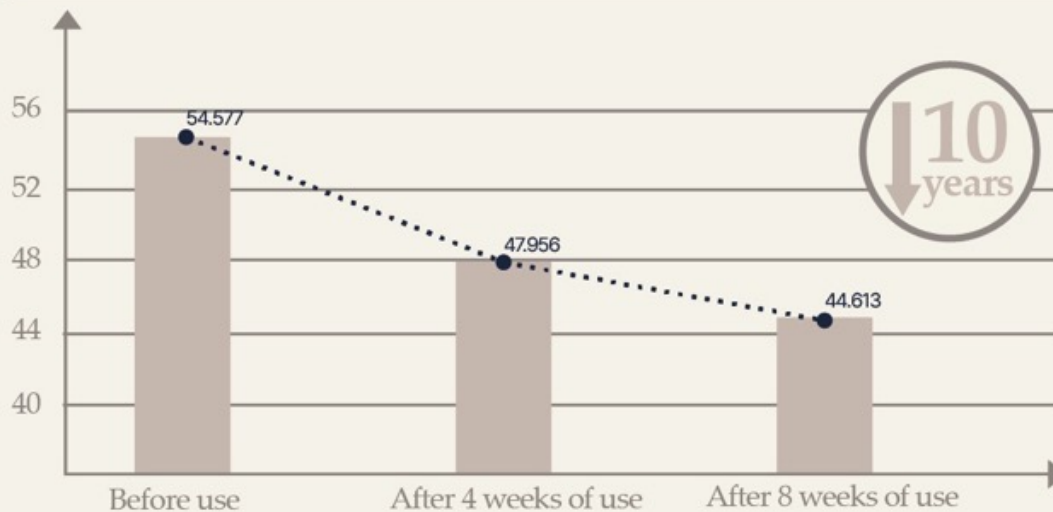

- Vitamin B3
- It helps decrease hyperpigmentation, age spots and melasma by inhibiting the transfer of the melanosomes to the surrounding keratinocytes.
- It protects skin from free radicals and prevents oxidative stress.

CLINICAL TRIAL DATA

- Anti-Wrinkle

■ Evaluation of skin age index

Skin age index(2) = $47.370 - 113.289 \times (\text{Elasticity around the eye R7}) + 1.87 \times (\text{Crow's feet Ra}) + 0.321 \times (\text{Sagging R})$

Multi Functional
Anti-Wrinkle

MULTI VITA RADIANCE CREAM

[Homecare - NET WT. 50g

Professional - NET WT. 230g]

MULTI VITA RADIANCE CREAM

Concept

GENOSYS MULTI VITA RADIANCE CREAM helps even skin tone, improves overall conditions of skin and makes skin luminous with rich ingredients like twelve Vitamins and Astaxanthin.

[Homecare - NET WT. 50g]

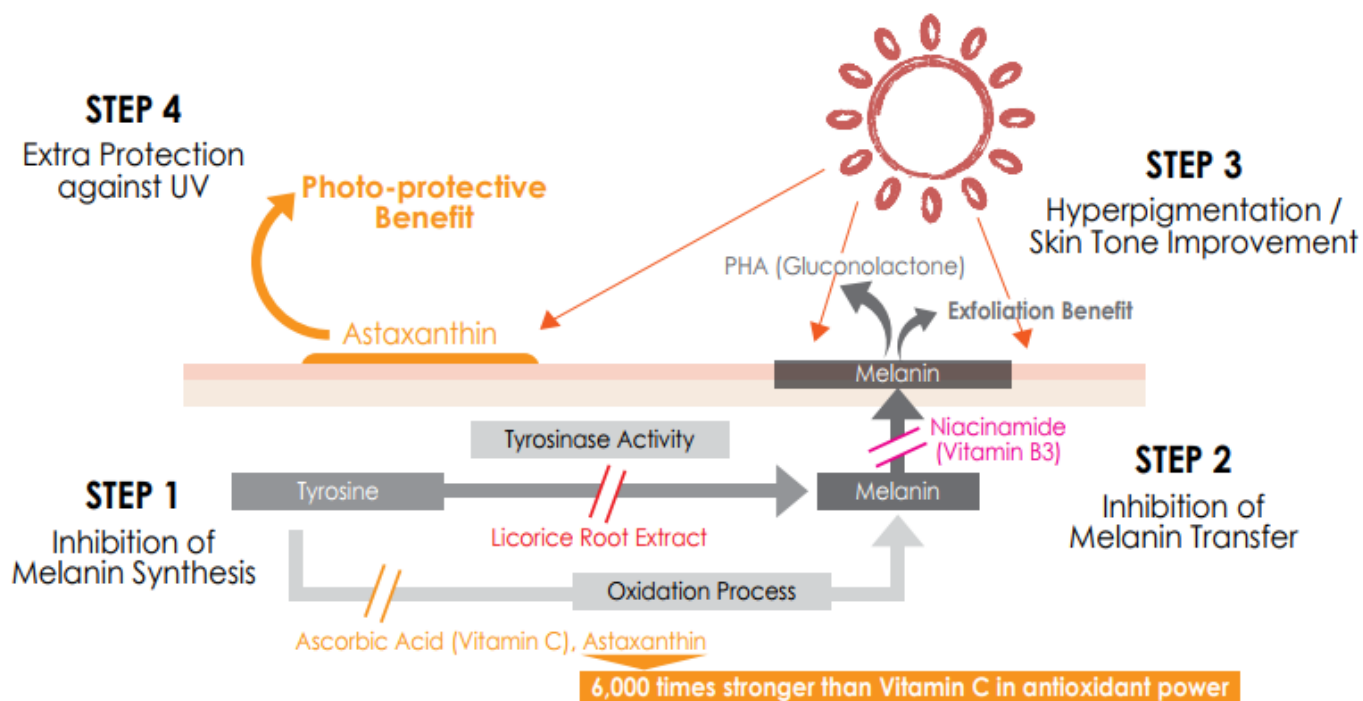

[Professional – NET WT. 230g]

- Powerful antioxidant effect with astaxanthin and vitamin complex
- Brightens dull skin and even skin tone
- Increases skin radiance and glow
- Protects skin from external aggressors

MULTI VITA RADIANCE CREAM

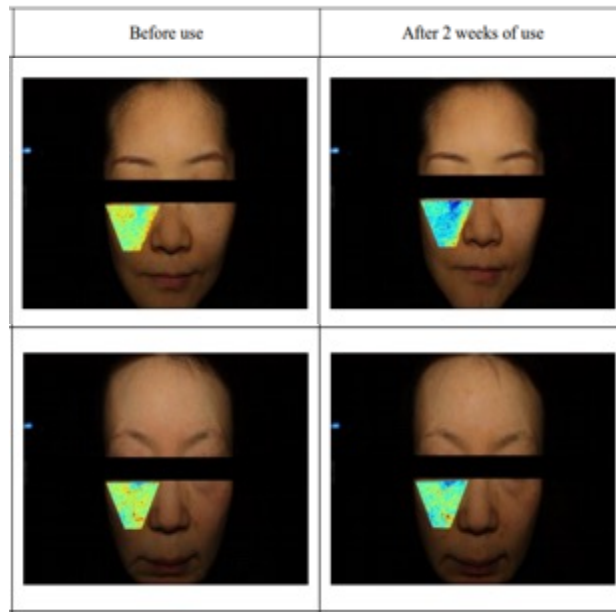

Mechanism

4 STEP Melanin Care

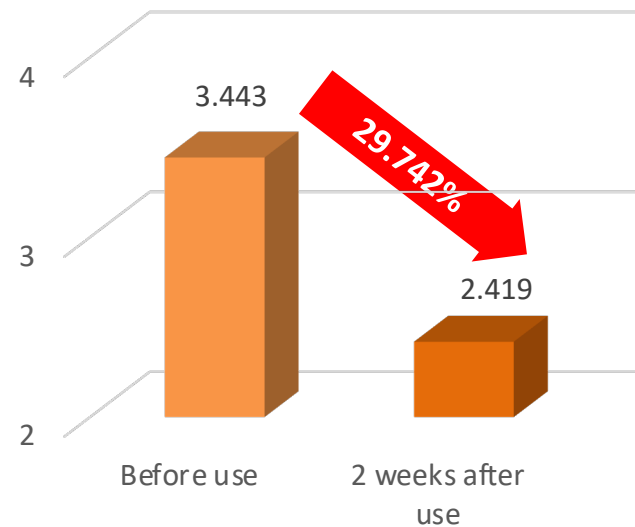

MULTI VITA RADIANCE CREAM

Clinical Trial – Improvement of Skin Surface Melanin

* Red indicated more pigmentation and blue indicates less pigmentation.

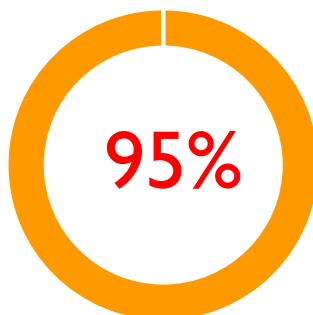

▶ GENOSYS MULTI VITA RADIANCE CREAM helps to improve skin surface melanin after 2 weeks of use.

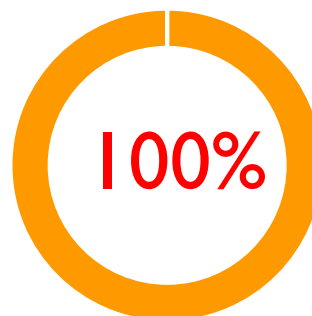

MULTI VITA RADIANCE CREAM

Product Satisfaction Survey

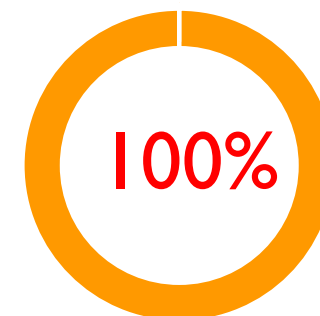

Skin tone has become even.

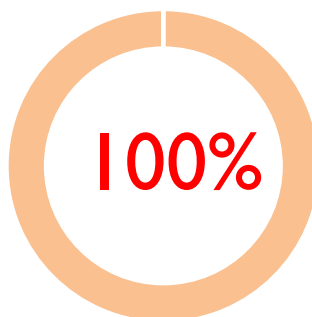

There was no dryness or inner tightness.

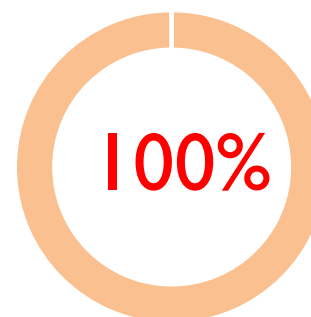

No irritation was felt on the skin

Satisfaction with product efficacy

Satisfaction with overall product use

* Test subjects: 21 adult women aged 20 to 59
(Positive response including moderate)

MULTI VITA RADIANCE CREAM

How to Use

After cleansing prepare skin with a toner. Apply the product on the face and gently pat with fingers.

Apply the product on the face and gently massage.

- The orange color of the cream is the natural color of Astaxanthin and no artificial pigment is added. If exposed to air, the color of the product may change slightly but the effect remains unchanged. Please close the cap after use.

MULTI VITA RADIANCE CREAM

Astaxanthin

- A type of carotenoid
- The most powerful antioxidant
 - Prevents melanin synthesis by inhibiting the oxidation process where tyrosine is oxidized to melanin.
- Acts as an internal sunscreen – It assists the skin in protecting itself against sun-related damage. (It does not replace sunblock but it provides the extra protection)

[Antioxidant Power of Astaxanthin]

6,000 times stronger than Vitamin C

8,000 times stronger than Coenzyme Q10

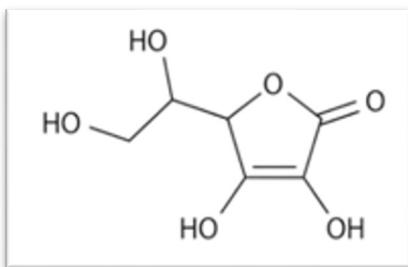

550 times stronger than Green Tea Catechins

75 times stronger than Alpha Lipoic Acid

MULTI VITA RADIANCE CREAM

Ascorbic Acid

- Vitamin C
- Powerful antioxidant
 - Inhibits melanogenesis by inhibiting the oxidation process where tyrosine is oxidized to melanin.
- Promotes collagen synthesis.

Glycyrrhiza Uralensis (Licorice) Root Extract

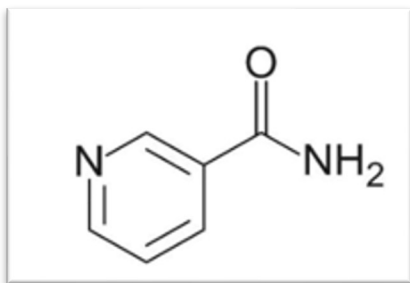

- Rich in Flavonoids (glabridin, liquiritin, licochalcone), Saponin (Glycyrrhizin)
- Inhibits melanogenesis by inhibiting tyrosinase activity.
 - Provides anti-inflammatory effect
 - Neutralizes free radicals.

MULTI VITA RADIANCE CREAM

Multi Vita 12 Complex

- Vitamin A, B1, B3, B5, B6, B9, B12, C, E, F, H, K
- Improves skin tone, dark circles and redness.
- Promotes collagen synthesis.
- Protects skin from oxidative stress.
- Soothes and moisturizes the skin.

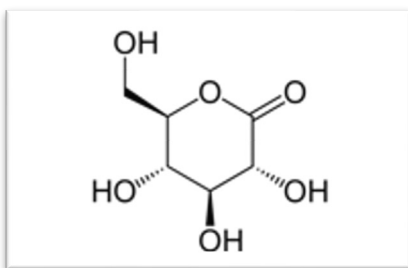

Niacinamide

- Vitamin B3
- Decreases hyperpigmentation, age spots and melasma by inhibiting the transfer of the melanosomes to the surrounding keratinocytes.
- Protects skin from free radicals and prevents oxidative stress.

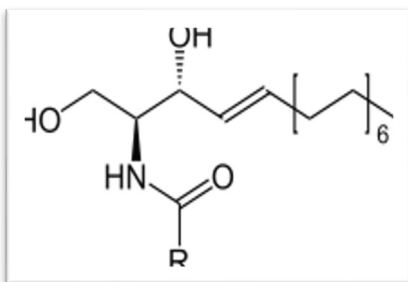

MULTI VITA RADIANCE CREAM

Gluconolactone

- PHA (Poly-Hydroxy Acid)
- Improves skin tone and texture by dissolving dead skin cells.
- Hydrates skin by attracting water to the skin.
- Good for all skin types, particularly for sensitive skin as it can't penetrate very deeply into skin due to its large molecule size.

Ceramide

- The major epidermal intercellular lipid component
- Reinforces the protective barrier of skin.
- Protects skin against the damages from environmental aggressors.
- Helps skin retain moisture.

MULTI VITA RADIANCE CREAM

Squalane

- Extracted from sugarcane
- Naturally present in the skin lipid barrier → Great affinity to skin
- Helps skin maintain moisture
- Protects skin from oxidative stress.

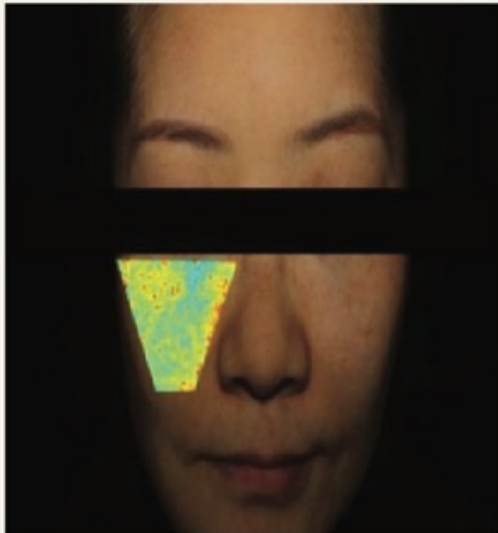

Macadamia Ternifolia Seed Oil

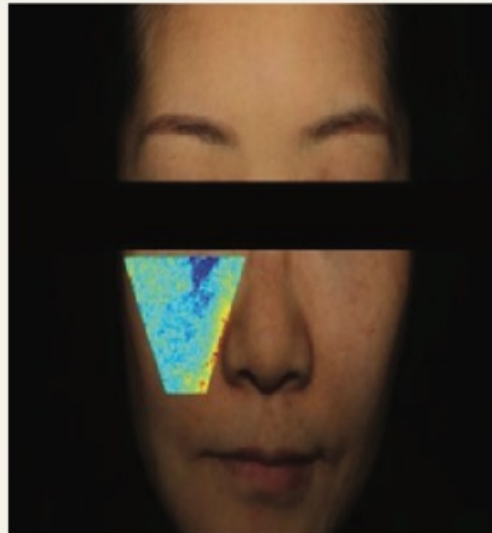

- Very similar to the naturally occurring sebum of the skin → an innate affinity with the epidermis
- Rich in phytosterols, flavonoids, antioxidants and essential fatty acids (omega 6, 7, 9)
- Fights free radicals that cause oxidative damages.
- Soothes skin and promotes wound healing.
- Creates a natural protective barrier.
- Hydrates skin.

MOISTURE REPLENISHING HYALURON CREAM

[Homecare - NET WT. 50g

Professional - NET WT. 250g]

MOISTURE REPLENISHING HYALURON CREAM

Concept

GENOSYS MOISTURE REPLENISHING HYALURON CREAM is a refreshing moisturizer that strengthens moisture barrier and provides long-lasting hydration to skin with hyaluronic acid complex and various mushrooms.

[Homecare - NET WT. 50g]

[Professional – NET WT. 250g]

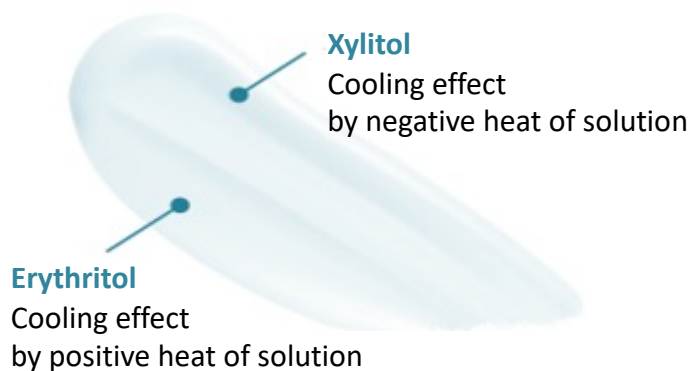

- For both dry skin and *dehydrated skin
 - * Dehydrated skin: A temporary skin condition, rather than a skin type, that occurs when there is lack of water in the skin. This can happen to any type of skin – even oily or combination skin.
- Refreshes skin by Instant cooling effect without skin irritation
- 11 types of hyaluronic acid with various molecular weights (low molecular weight, medium molecular weight, high molecular weight) provide multi-depth hydration to skin
- Rich in high molecular weight hyaluronic acid, it strengthens skin's moisture barrier
- Provides long-lasting hydration by improving skin's ability to retain moisture
- Safe for pregnant/lactating women and children

MOISTURE REPLENISHING HYALURON CREAM

Base Formula

GENOSYS MOISTURE REPLENISHING CREAM is a sky blue colored watery cream with instant refreshing and cooling sensation.

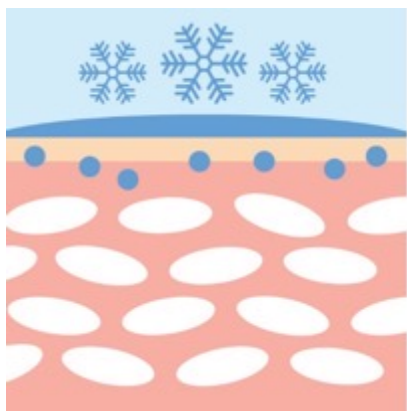

* The color of the cream is the natural color of ingredients and no artificial pigment is added.

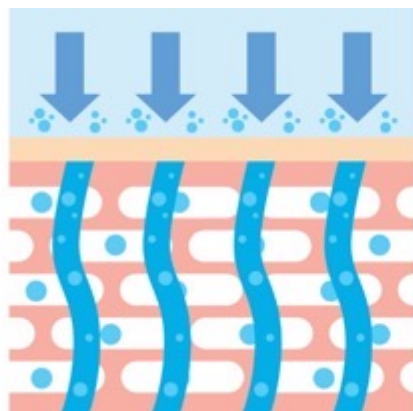

**Instant
Moisturizing
& Cooling**
at the same time

MOISTURE REPLENISHING HYALURON CREAM

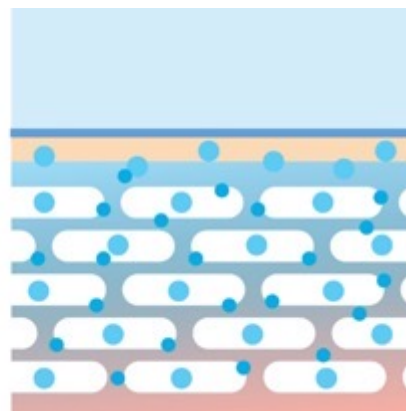

Mechanism

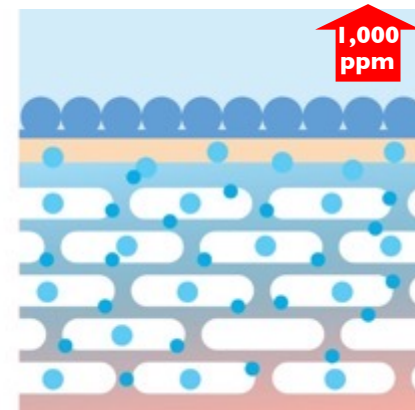

When it touches the skin, natural-origin cooling agents help lower the skin temperature and make skin refreshed.

By stimulating the formation of aquaporin, it opens water-transport channel, and attracts moisture to the skin with 'moisture magnet' ingredient.

Low/middle molecular weight hyaluronic acids replenish moisture layer by layer from the inside of the skin.

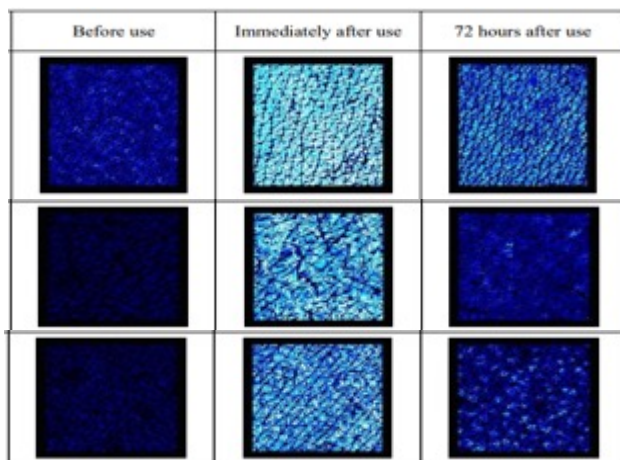

- High molecular weight hyaluronic acid prevents moisture evaporation by forming moisture barrier on the skin surface.
- Mushrooms nourish and protect skin with powerful anti-inflammatory and antioxidant properties.

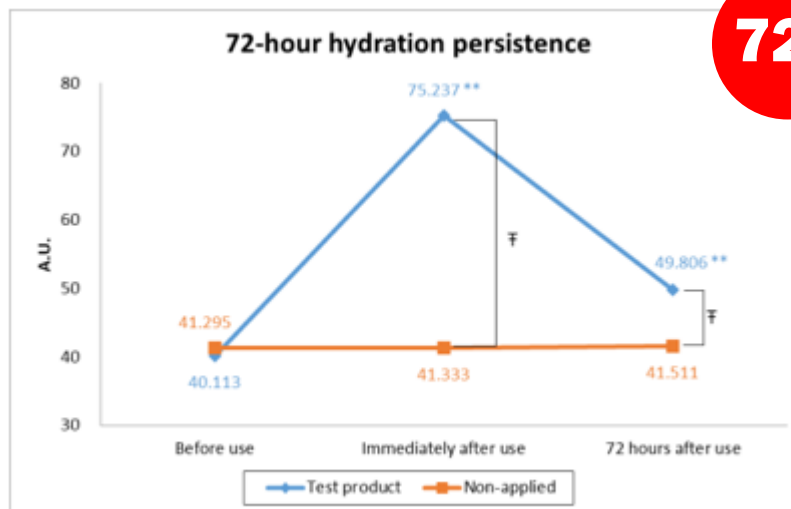

MOISTURE REPLENISHING HYALURON CREAM

Clinical Trial – 72-hour Hydration

The value significantly improved immediately after use and 72 hours after use compared to before use.

* The lightened blue color indicates the increase in moisture.

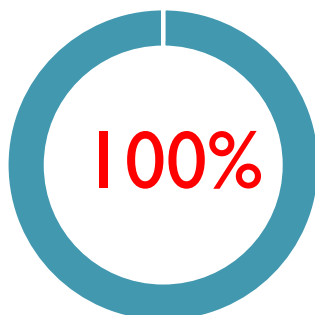

- ▶ Immediately after using GENOSYS MOISUTRE REPLENISHING HYALURON CREAM, skin hydration value increased by 82%.
- ▶ GENOSYS MOISUTRE REPLENISHING HYALURON CREAM helps 72-hour hydration persistence effect after single application.

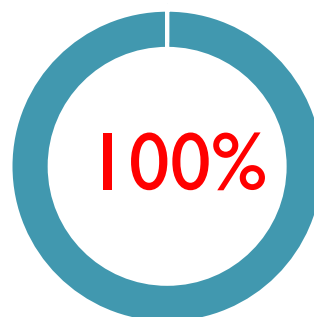

MOISTURE REPLENISHING HYALURON CREAM

Product Satisfaction Survey

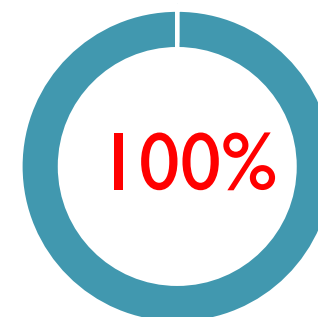

Moisture was felt sufficiently.

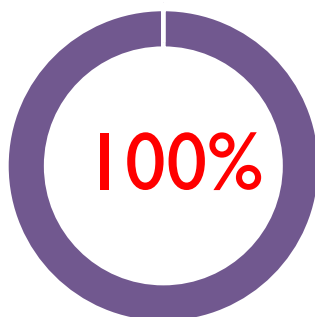

My skin felt filled with moisture and became firmer.

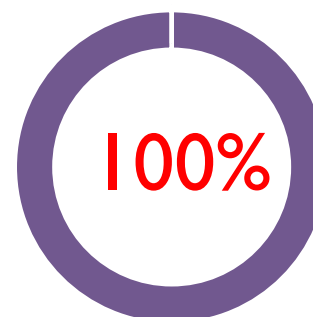

After using the product, there was no inner tightness.

Satisfaction with product efficacy

Satisfaction with overall product use

* Test subjects: 21 adult women aged 20 to 59
(Positive response including moderate)

MOISTURE REPLENISHING HYALURON CREAM

How to Use

After cleansing prepare skin with a toner. Apply the product on the face and gently pat with fingers.

Apply the product on the face and gently massage as if applying a moisturizing film on the skin.

- Do not keep the product in the refrigerator as it may change the viscosity and the texture of the product.
- If you want additional moisture layering, INTENSIVE HYDRO SOOTHING CREAM can be used together.

MOISTURE REPLENISHING HYALURON CREAM

Key Ingredients

11 Hyaluronic Acid Complex
Saccharide Isomerate (Moisture magnet)
Glyceryl Glucoside (Aquaporin stimulator)
Tremella Fuciformis & Mushroom Complex

Xylitol (Natural origin cooling agent)
Erythritol (Natural origin cooling agent)
Aloe Barbadensis Flower Extract
Solanum Melongena (Eggplant) Fruit Extract

Tremella Fuciformis Polysaccharide
Tremella Fuciformis Extract
Trametes Versicolor Extract

MOISTURE REPLENISHING HYALURON CREAM

Hyaluronan 11 Multi-Complex

- Natural moisturizing factor (NMF) with strong moisture binding capacity
- 11 types of hyaluronic acid with various molecular weights (low molecular weight, medium molecular weight, high molecular weight) provide multi-depth hydration to skin.
- In particular, the product contains a large amount (1,000ppm) of high molecular weight hyaluronic acid to form a strong moisturizing film over skin.
- INCI: Sodium Hyaluronate, Hyaluronic Acid, Sodium Hyaluronate Crosspolymer, Potassium Hyaluronate, Hydroxypropyltrimonium Hyaluronate, Hydrolyzed Sodium Hyaluronate, Hydrolyzed Hyaluronic Acid, Sodium Acetylated Hyaluronate

MOISTURE REPLENISHING HYALURON CREAM

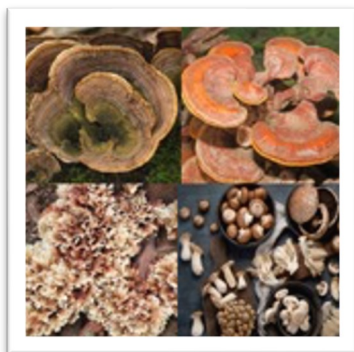

Tremella Fuciformis

- Tremella Fuciformis Polysaccharide & Tremella Fuciformis Extract
- Snow fungus, a type of mushroom that belongs to Tremellaceae family
- It can hold nearly 500 times its weight in water, making it deeply hydrating.
- As a natural source of hyaluronic acid, it stimulates the production of hyaluronic acid.
- Rich source of polysaccharides
 - It reduces skin inflammation thanks to its anti-inflammatory, antimicrobial and antiviral properties.
 - As a powerful water-binding agent, it keeps skin hydrated.
 - It promotes skin collagen synthesis.
- Vitamin D helps relieve skin inflammation.
- It protects skin from free radical damage that can cause premature aging.

MOISTURE REPLENISHING HYALURON CREAM

Mushroom Complex

- Complex of Trametes Versicolor(Turkey Tail) Extract, Sparassis Crispa(Cauliflower Fungus) Extract, Ganoderma Lucidum (Mushroom)(Lacquered Bracket) Extract, Phellinus Linteus(Blackhood Mushroom) Extract, Saccharomyces Ferment Filtrate
- Rich source of polysaccharides
 - It reduces skin inflammation thanks to its anti-inflammatory, antimicrobial and antiviral properties.
 - As a powerful water-binding agent, it keeps skin hydrated.
 - It promotes skin collagen synthesis.
- Mushrooms have high amounts of antioxidants, protecting skin from oxidative stress.

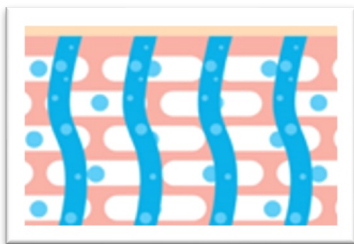

MOISTURE REPLENISHING HYALURON CREAM

PENTAVITIN™

- INCI: Saccharide Isomerate
- Plant-derived skin identical carbohydrate → It closely resembles the carbohydrates in the outermost layer of the skin.
- It is known as moisture magnet as it binds itself to the free amino group of lysine in keratin and attracts water to
- It restores skin's barrier function rapidly.
- It helps relieve itchy, flaky and dry skin.

Glyceryl Glucoside

- By stimulating the formation of aquaporin, water-transport channel, it promotes delivery of moisture deep into the skin.
- It draws moisture to the skin and locks it there to prevent dehydration.

MOISTURE REPLENISHING HYALURON CREAM

Natural-Origin Cooling Agent

- Complex of xylitol and erythritol
- Non-irritating cooling agent
- It refreshes skin by moisturizing and cooling skin at the same time.

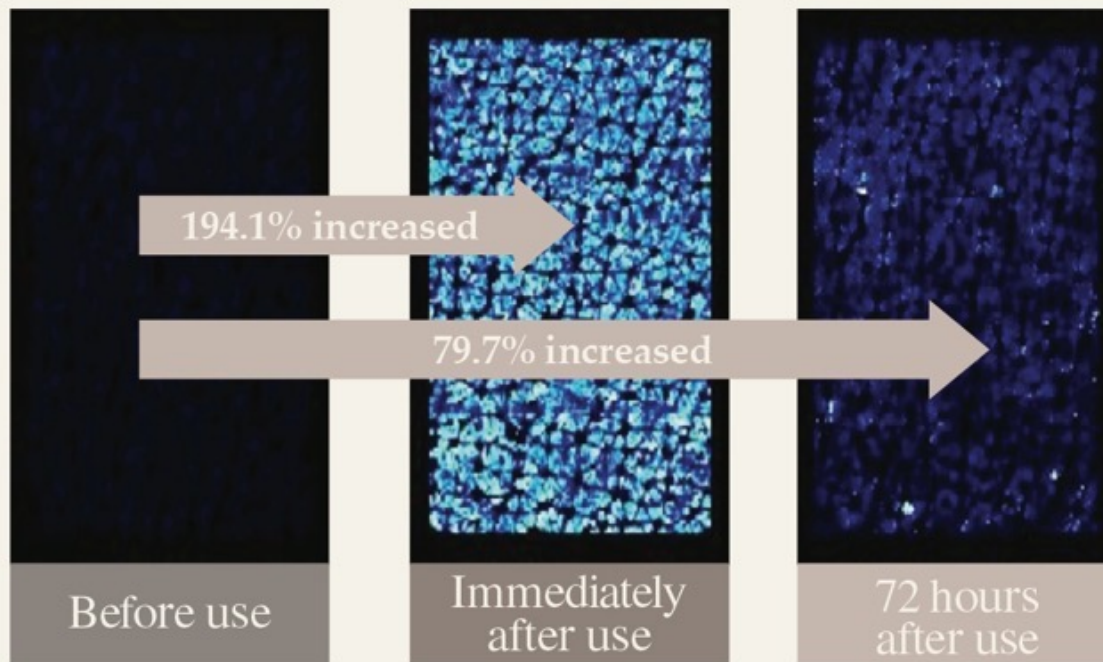

Solanum Melongena (Eggplant) Fruit Extract

- Rich in polyphenols such as anthocyanin, It protects skin from free radicals and prevents oxidative stress.
- Rich in lupeol, it helps relieve inflammation and soothe skin.
- High in water content (around 90%), it keeps skin soft and hydrated.

INTENSIVE HYDRO SOOTHING CREAM

[Homecare - NET WT. 50g]

Professional - NET WT. 250g]

INTENSIVE HYDRO SOOTHING CREAM

Concept

GENOSYS INTENSIVE HYDRO SOOTHING CREAM calms down skin and provides long-lasting hydration to the skin with aloe vera, snail secretion filtrate and hyaluronic acid.

[Homecare - NET WT. 50g]

[Professional – NET WT. 250g]

- For dry skin or irritated skin Sebum control
- Gel type moisturizer
- Quickly relives and moisturizes skin
- Can be used as a soothing/moisturizing mask
- Can be used with cooling device or ultrasonic device

INTENSIVE HYDRO SOOTHING CREAM

Aloe Barbadensis Leaf Extract

- It offers antioxidant qualities to defend skin from environmental stressors.
- It reduces irritation and promote healing.
- It moisturizes skin.

Snail Secretion Filtrate

- It helps reduce skin inflammation and soothes irritation.
- It accelerates cell regeneration.
- It stimulates collagen production.

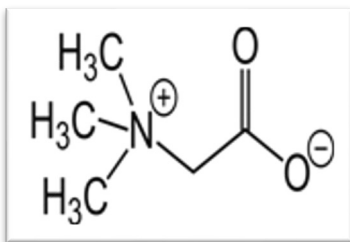

INTENSIVE HYDRO SOOTHING CREAM

Sodium Hyaluronate

- Most hydrating polymer known which has the enormous water-binding capacity.
- It results in increased smoothness, softening and decreased wrinkles.
- It offers an excellent environment for the growth of new cells and healing.

Betaine

- It brings superior hydration to the skin.
- With excellent anti-inflammatory properties, it helps reduce redness and irritation.

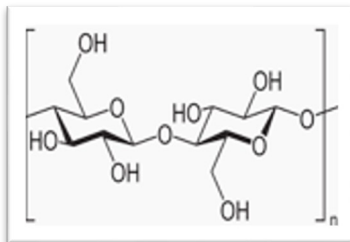

INTENSIVE HYDRO SOOTHING CREAM

Phytolex SC

- Complex of herbal extracts - Phaseolus Radiatus Extract, Betula Platyphylla Japonica Bark, Rumex Crispus Root Extract
- It comfortably relieves skin irritation and inflammation.

Beta-Glucan

- As a soothing agent, it helps minimize skin irritations including redness.
- It forms a protective film on skin's surface, strengthening the natural barrier.
- It moisturizes skin.

Average score	32,4	36,2	38,36	37,30
Change in %	100%	+12%	100%	-3%

The conducted studies have shown that regular and systematic application of the tested product "GENOSYS Intensive Hydro Soothing cream" according to the guidelines:

- improves skin hydration by 12% after 4 weeks of application
- reduces skin temperature by average of 1°C after 20 minutes after application

SKIN BARRIER PROTECTING CREAM

[NET WT. 100g]

SKIN BARRIER PROTECTING CREAM

Concept

GENOSYS SKIN BARRIER PROTECTING CREAM encourages healthy and soft skin by retaining moisture and protecting skin barrier with enriched ceramide, botanical extracts and amino acid complex.

How to Use

After cleansing prepare skin with a toner. Apply the product on the face and gently pat with fingers.

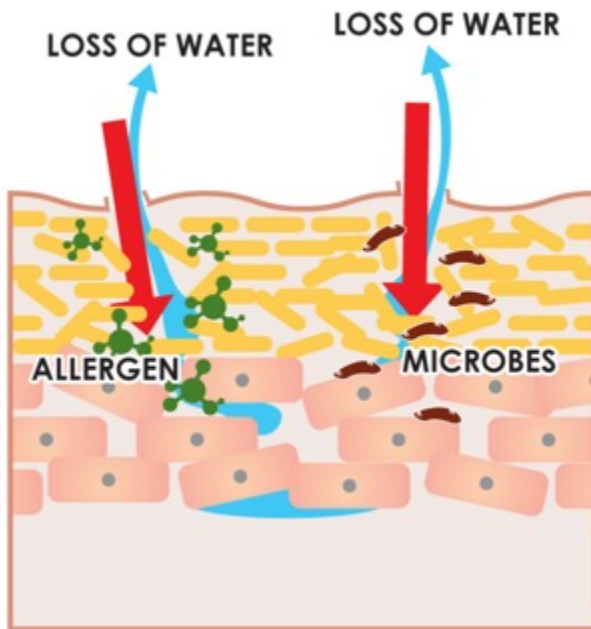

Apply the product on the face and gently massage as if applying a moisturizing film on the skin.

SKIN BARRIER PROTECTING CREAM

Sensitive Skin

Sensitive skin occurs when the protective barrier of skin is compromised and vulnerable.

- ✓ Water loss
- ✓ Imbalance of oil and moisture in skin
- ✓ Penetration of irritants

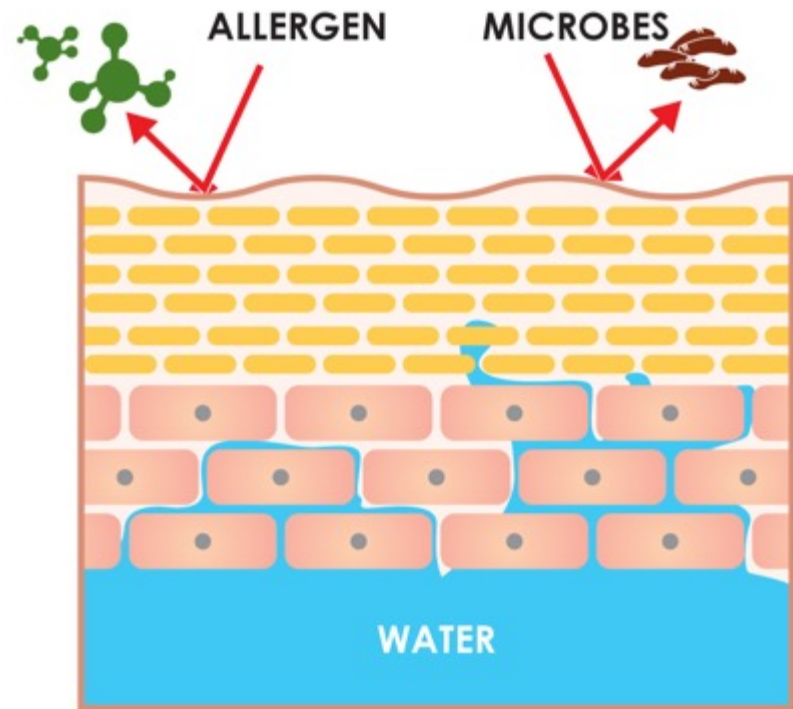

itching, burning sensation, redness, swelling, rashes, etc.

SKIN BARRIER PROTECTING CREAM

Effects

SKIN BARRIER
PROTECTING CREAM

- ✓ Promotes water retention
- ✓ Supplies nutrients
- ✓ Anti-inflammatory effect
- ✓ Normalizing the intercellular lipids

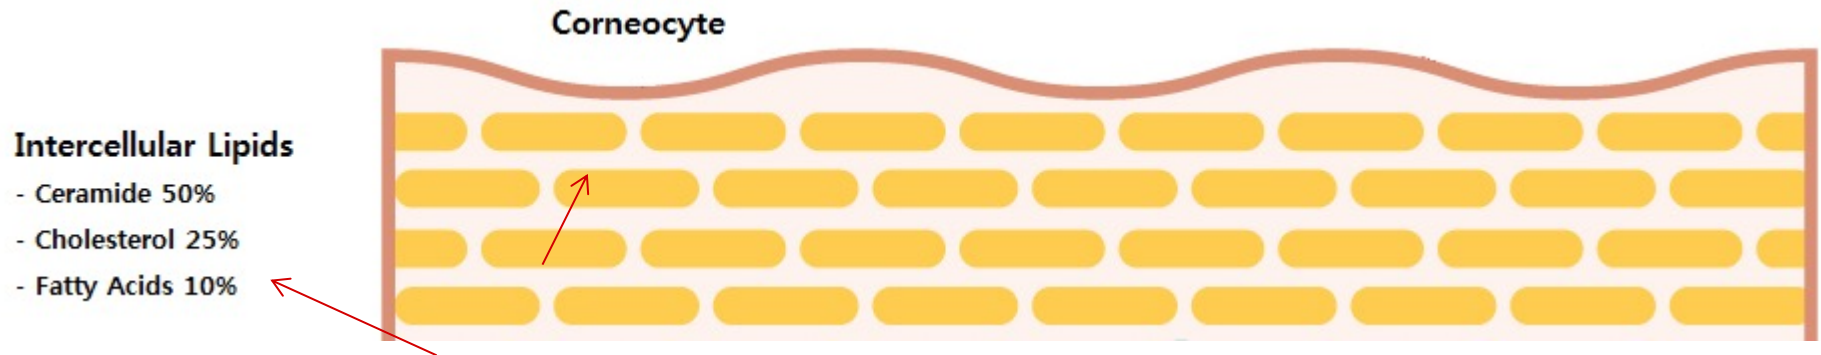

Healthy skin with normalized protective barrier

SKIN BARRIER PROTECTING CREAM

Ceramide NP (N-acylated sphingolipid consisting of Phytosphingosine)

- The major epidermal intercellular lipid component
- Stratum corneum intercellular lipids play an important role in the regulation of skin water barrier homeostasis and water-holding capacity. Modification or deficiency of ceramide in the lipids may impair these properties; atopic dermatitis, psoriasis, contact dermatitis, and some genetic disorders

SKIN BARRIER PROTECTING CREAM

MultiEx BSASM[®] (Bio Spectrum Atopy Soothing Max) **Plus**

✓ **Anti-inflammatory effect**

✓ **Immunomodulatory effect**

✓ **Excellent soothing effect**

- Rosmarinus Officinalis (Rosemary) Leaf Extract
- Chamomilla Recutita (Matricaria) Flower Extract
- Camellia Sinensis Leaf Extract
- Centella Asiatica Extract
- Glycyrrhiza Glabra (Licorice) Root Extract
- Polygonum Cuspidatum Root Extract
- Scutellaria Baicalensis Root Extract

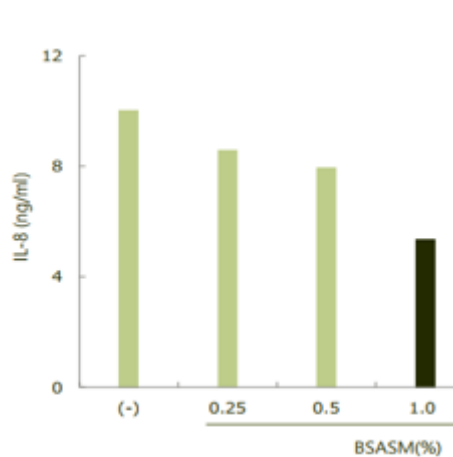

* These ingredients are selected via in-vitro NF-kB & IL-2 Promoter assay among the natural extracts known for their excellent soothing effect.

SKIN BARRIER PROTECTING CREAM

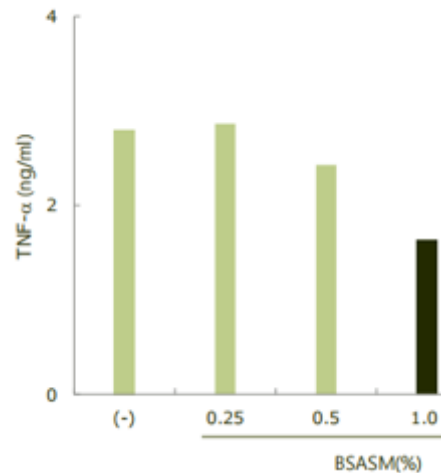

MultiEx BSASM® Plus

☑ Anti-inflammatory effect

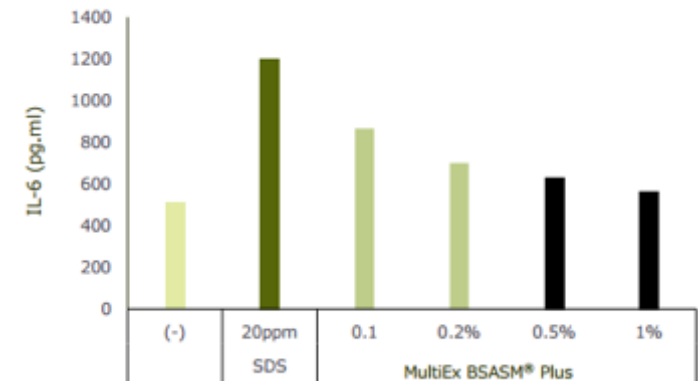

- Reduction of IL-8 / TNF- α / IL-6 production

- IL-8 : Inflammation mediating cytokine
- MultiEx BSASM® Plus 1% reduced IL-8 up to 46.4% .

- TNF- α : Inflammatory cytokine
- MultiEx BSASM® Plus 1% reduced TNF- α up to 41.8% .

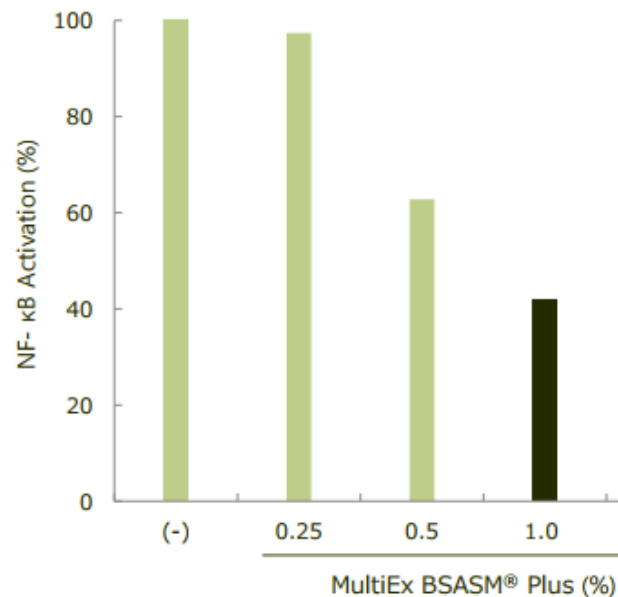

- IL-6 : Inflammatory cytokine
- MultiEx BSASM® Plus 1% reduced TNF- α up to 52% .

SKIN BARRIER PROTECTING CREAM

MultiEx BSASM® Plus

☑ Immunomodulatory effect

- Inhibition of NF-κB activation

- NF-κB : key role in regulating the immune response to infection
- MultiEx BSASM® Plus 1% reduced NF-κB up to 58.2% .

SKIN BARRIER PROTECTING CREAM

Amino Acid Complex

- Supply nutrients to nourish the skin.
- Work to improve moisture retention of skin.
- Stimulate the synthesis of collagen and elastin.

Essential

Leucine
Lysine
Phenylalanine
Threonine
Valine
Isoleucine

Proline
Cysteine

Amino Acids

SKIN BARRIER PROTECTING CREAM

Butyrospermum Parkii (Shea) Butter

- Retains moisture and lessens the loss of water by forming a barrier on the skin surface.
- Helps keep the intercellular structure of the epidermis intact, and effectively keeps bacteria out, thus facilitating and preventing skin irritation.

SKIN BARRIER PROTECTING CREAM

Macadamia Integrifolia Seed Oil

- Linoleic acid in the oil prevents trans-epidermal water loss and creates a natural protective barrier.
- Palmitoleic acid in the oil is beneficial for wound healing, scratches and burns.
- Phytosterols calms and heals itching and redness.

EGF REPAIR OXYMASK CREAM

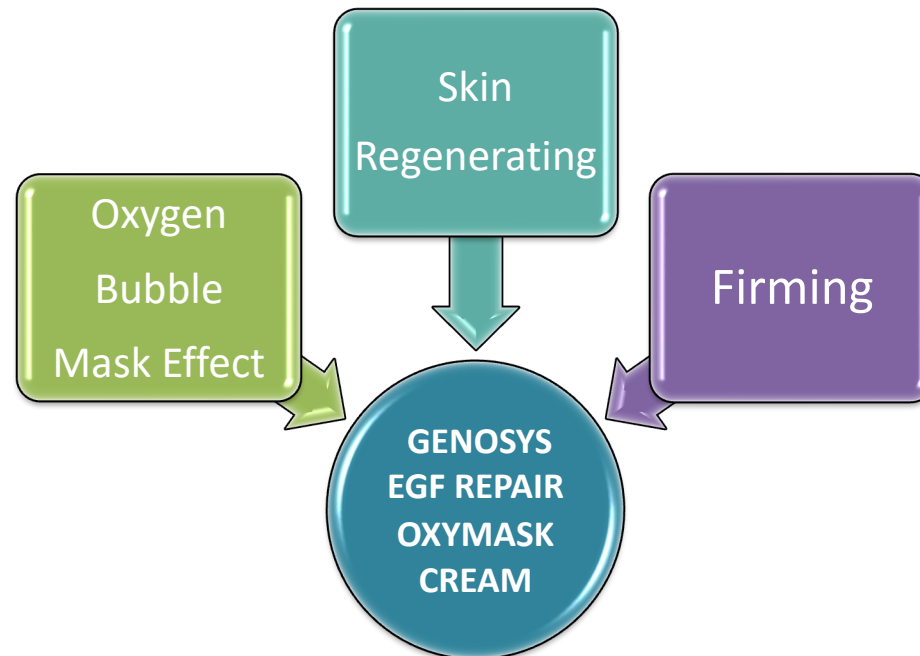

[NET WT. 50g]

EGF REPAIR OXYMASK CREAM

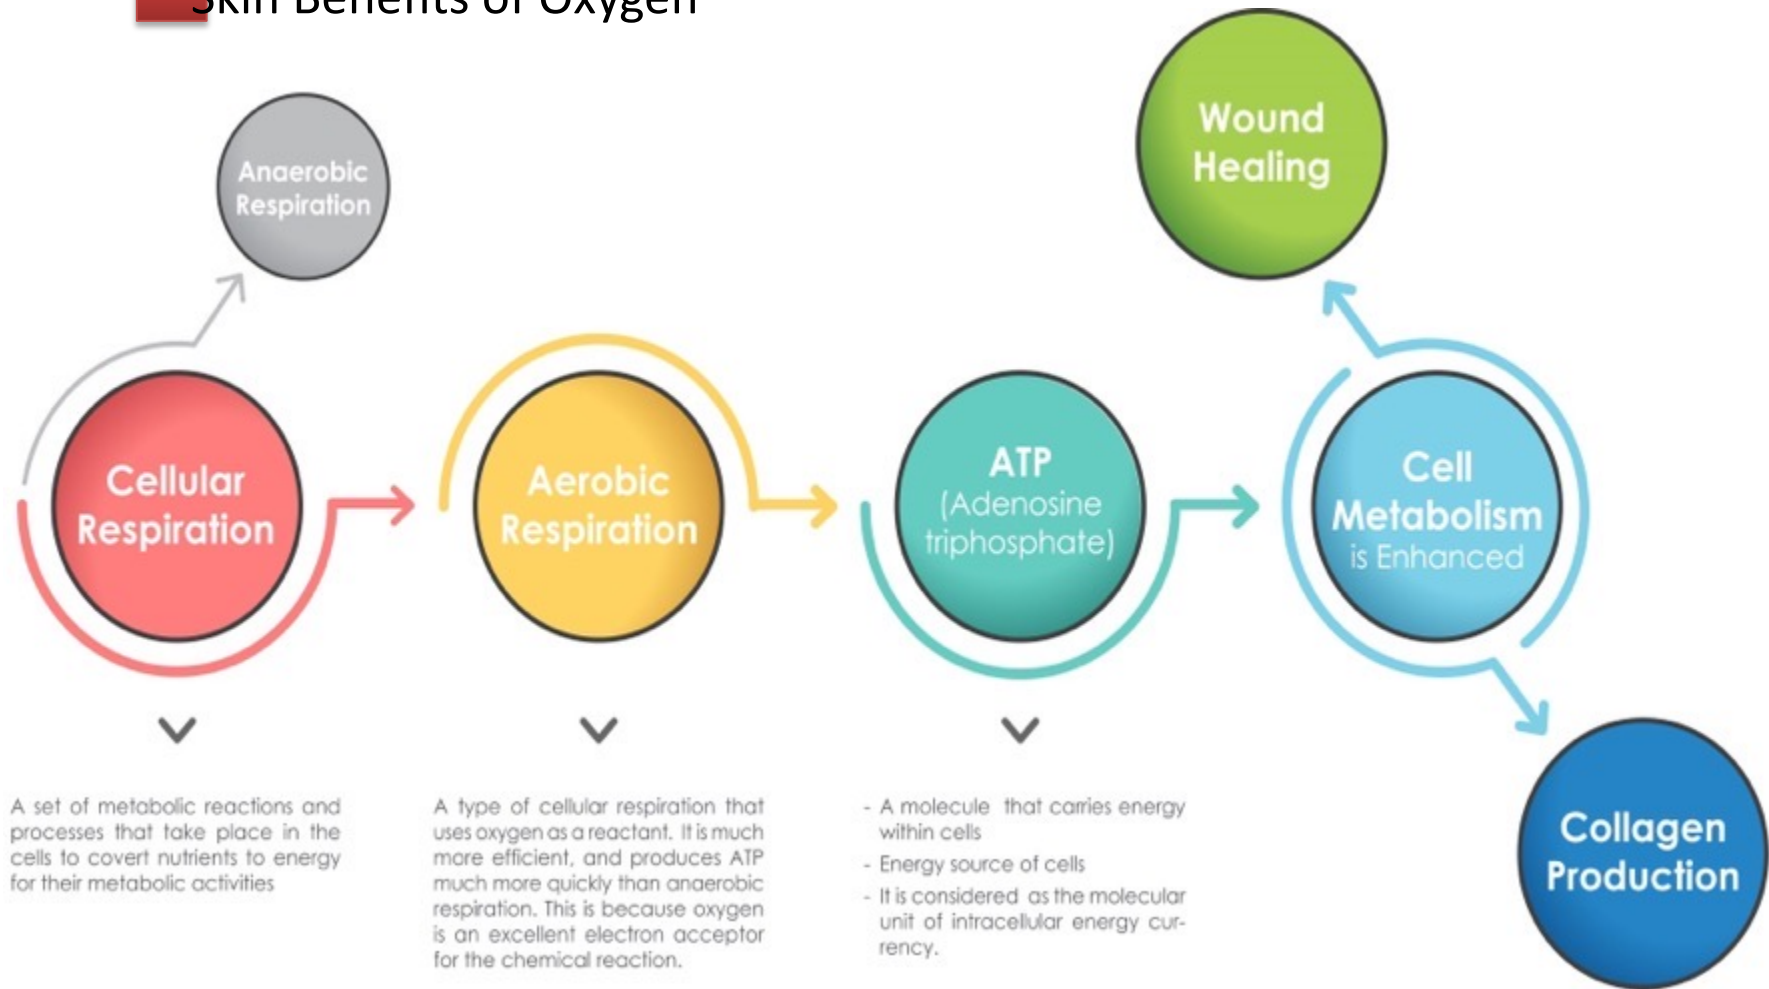

Concept

GENOSYS EGF REPAIR OXYMASK CREAM is a unique bubbling mask cream which makes dull & stressed skin healthy with skin regenerating ingredients such as EGF and madecassoside. Oxygen is capable of improving cellular metabolism, accelerating the healing process, reducing skin irritations, and producing an anti-inflammatory effect.
[NET WT. 50g]

EGF REPAIR OXYMASK CREAM

Skin Benefits of Oxygen

EGF REPAIR OXYMASK CREAM

How to Use

- 1) Spread the product evenly on the DRY face and wait until the bubbles cover the face.
- 2) When bubbles start popping, gently massage and tap for better absorption.
- 3) Do not rinse off.

* Apply the product in the morning and evening.

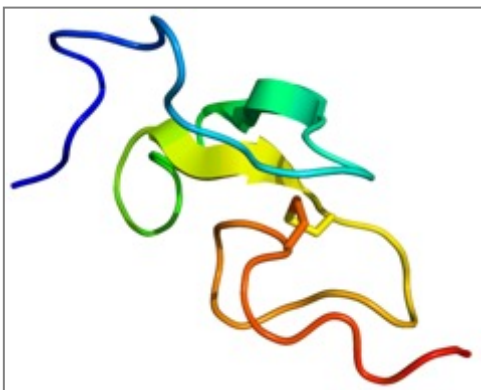

**** For better bubbling, do not rub when you apply the product.**

Comparison with Soothing Repair Postcream

SOOTHING REPAIR POSTCREAM	EGF REPAIR OXYMASK CREAM
Intensive repair for a week right after the professional treatment	Daily regenerating cream for the skin damaged by various causes (S.O.S cream)

EGF REPAIR OXYMASK CREAM

EGF

- Epidermal Growth Factor
- INCI Name: Sh-Oligopeptide-1
- A type of naturally occurring protein molecule found in the skin's fibroblasts

Anti-Aging

- It stimulates proliferation/differentiation of keratinocytes and epidermal skin cells, thus promoting natural cell renewal.
- It stimulates the production of collagen and elastin.

Wound Healing

- At the inflammation stage, EGF attracts cells to the wound site to begin the repair process.

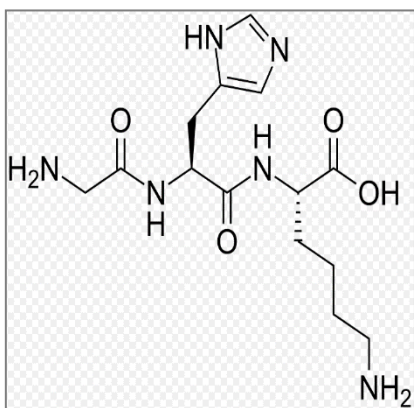

EGF REPAIR OXYMASK CREAM

Madecassoside

- Derived from the plant “centella asiatica”
- Anti-oxidant
- Increases collagen synthesis.
- Combats redness that stem from inflammation, burns or wounds.
- Reduces the itching sensation to skin.
- Brings relief to sensitive skin by anti-inflammation, anti-desquamation and skin smoothing effects.

Copper Tripeptide-1

- Known as a skin-remodeling peptide
- Firming effect by promoting collagen and elastin production
- Promotes production of glycosaminoglycans that function as water-binding molecules, and maintain collagen and elastin.
- Rebuild skin protective barrier.
- Reduces oxidative damage by modulating iron levels and by quenching toxic products of fatty acids lipid peroxidation.
- Promotes activation of wound healing and anti-inflammatory effect.

EGF REPAIR OXYMASK CREAM

SEPITONIC M3

- Mineral Complex: Magnesium Aspartate + Zinc Gluconate + Copper Gluconate
- Boosts the immediate availability of oxygen to the skin.
 - Boosts the cell respiration and ATP production.
 - Block the primary free radicals.

Magnesium Aspartate

- Wound healing effect

Zinc Gluconate

- Wound healing effect
- Prevents scarring

Copper Gluconate

- Antioxidant against free radicals
- Skin firming

EGF REPAIR OXYMASK CREAM

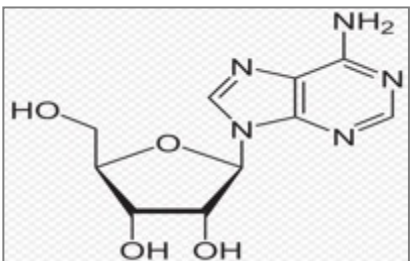

Salmon Oil

- Contains unsaturated fatty acids

Fatty Acids	Function
Palmitoleic Acid	Omega-7 fatty acids, Anti-inflammatory, Wound healing effect
Oleic Acid	Omega-9 fatty acids, Replenishing moisture and stopping moisture evaporation, Rich in anti-oxidant compounds
Linoleic Acid	Omega-6 fatty acids, Anti-inflammatory, Strengthening the skin's protective barrier
Gamma-Linoleic Acid	Omega-6 fatty acids, Effective for eczema, psoriasis, dermatitis and dehydrated skin

Adenosine

- Improves skin-aging by involving in the activation of skin cells and promoting collagen synthesis.
- Increases tissue repair and reconstruction.

EGF REPAIR OXYMASK CREAM

Simmondsia Chinensis (Jojoba) Seed Oil

- As a humectant, it seals skin with a protective barrier to keep it from losing moisture.
- Contains nutrients such as Vitamin B, Vitamin E, phytosterols, minerals like zinc and copper.
- Contains anti-microbial and anti-fungal properties.
- With anti-inflammatory and healing properties, it relieves skin inflammation and speeds-up the wound healing.
- Vitamin E contained in Jojoba seed oil can help heal the skin from sunburn. It also helps reduce peeling.

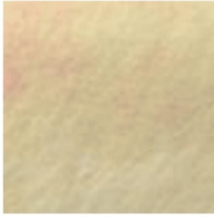

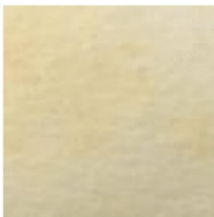

Butyrospermum Parkii (Shea) Butter

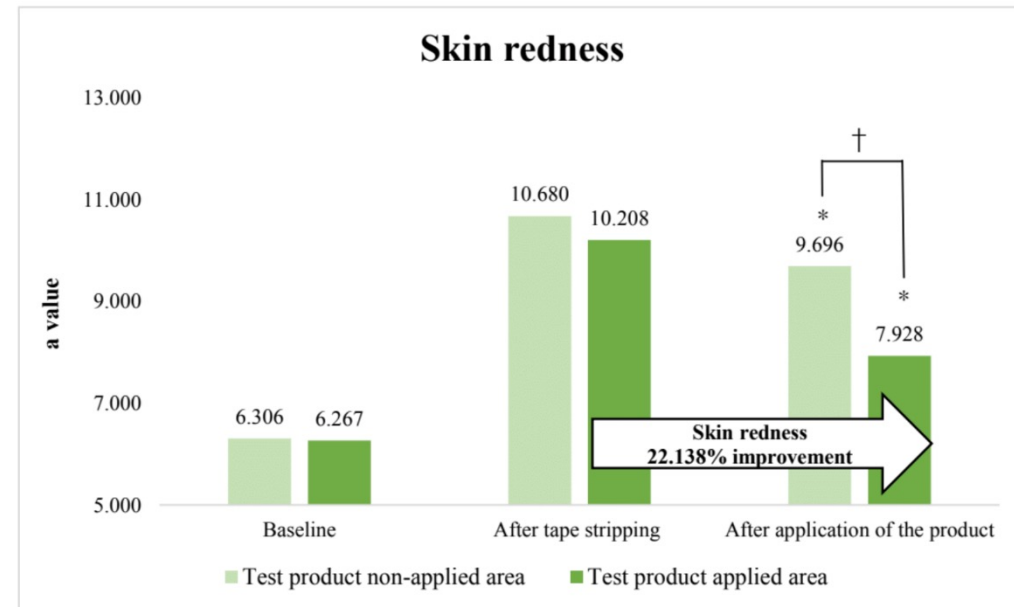

- Natural Moisturizing Factor (NMF)
- Retains moisture and lessens the loss of water by forming a barrier on the skin surface.
- Keeps the intercellular structure of the epidermis intact, and effectively keeps bacteria out, thus facilitating and preventing skin irritation.

INTENSIVE PROBLEM CONTROL CREAM

[Homecare - NET WT. 50g

Professional - NET WT. 250g]

INTENSIVE PROBLEM CONTROL CREAM

Concept

GENOSYS INTENSIV PROBLEM CONTROL CREAM helps rebalance skin oiliness and prevent acne breakouts while keeping the skin hydrated.

[Homecare - NET WT. 50g]

[Professional – NET WT. 250g]

- For blemish-prone skin and oily skin
- Anti-blemishes
- Sebum control
- Reduces oiliness while keeping skin moist
- Improves skin clarity

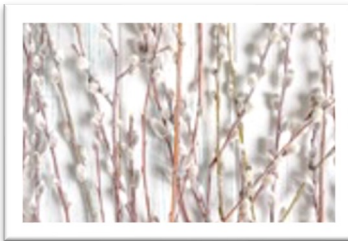

INTENSIVE PROBLEM CONTROL CREAM

Zinc PCA

- It inhibits the proliferation of *Propionibacterium acnes* and *Staphylococcus epidermis*.
- It has anti-seborrheic effect.
- It reduces sebum secretion by inhibiting 5 α -reductase

Salix Nigra (Willow) Bark Extract

- It helps correct the abnormal desquamation process that occurs in acne prone skin.
- It works as an exfoliant by promoting the sloughing away of dead skin cells

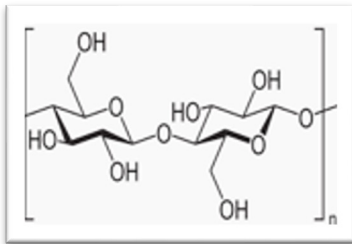

INTENSIVE PROBLEM CONTROL CREAM

Trehalose

- Found in cactus which has excellent rehydrating and water binding properties as well as antioxidant powers.

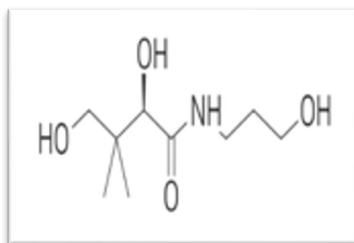

Beta-Glucan

- As a soothing agent, it helps minimize skin irritations including redness.
- It forms a protective film on skin's surface, strengthening the natural barrier.
- It moisturizes skin.

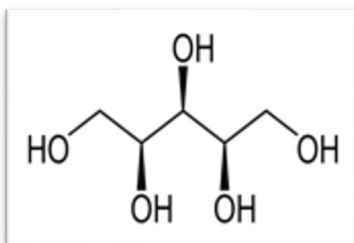

INTENSIVE PROBLEM CONTROL CREAM

Panthenol

- Provitamin B5
- It provides deep penetrating moisture to skin.
- It reduces itching and inflammation of skin.

Xylitol

- It has excellent antibacterial, antiviral, antifungal properties.
- It binds moisture in skin and reduces skin moisture loss.

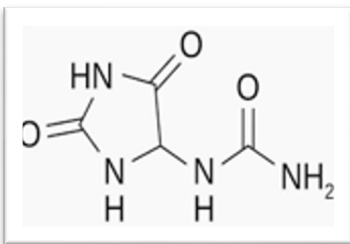

INTENSIVE PROBLEM CONTROL CREAM

Leuconostoc/Radish Root Ferment Filtrate

- It assists acne-prone skin by inhibiting the growth of active bacteria at the skin's surface.
- With excellent anti-inflammatory properties, it helps to reduce redness, swelling and itchiness

Allantoin

- It soothes skin with excellent anti-inflammatory and anti-irritant properties.
- It increases the water content of skins' extracellular matrix.
- It exfoliates dead skin cells, resulting in a cleanser, brighter complexion.

28	37	36	4,0	3,9
29	60	51	3,8	3,5
30	42	35	5,2	4,6
Average score	43,0	37,0	4,25	3,88
Change in %	100%	-14%	100%	-9%

The conducted studies have shown that regular and systematic application of the tested product “GENOSYS Problem Control Cream” reduces sebum by 14% and colour-blemishes by 9% after 4 weeks of application.

SKIN RESCUE OVERNIGHT CREAM MASK

[NET WT. 100g]

SKIN RESCUE OVERNIGHT CREAM MASK

Concept

GENOSYS SKIN RESCUE OVERNIGHT CREAM MASK revitalizes skin and provides intensive care to the fatigued skin with oxygen capsules and a unique skin protecting complex - pink ceramide.

NET WT. 100g

- Cream type mask for intensive overnight care
- Improves skin conditions
- Regenerates and revitalizes skin
- Improves skin firmness
- Moisturizes skin
- Relieves swelling, edema

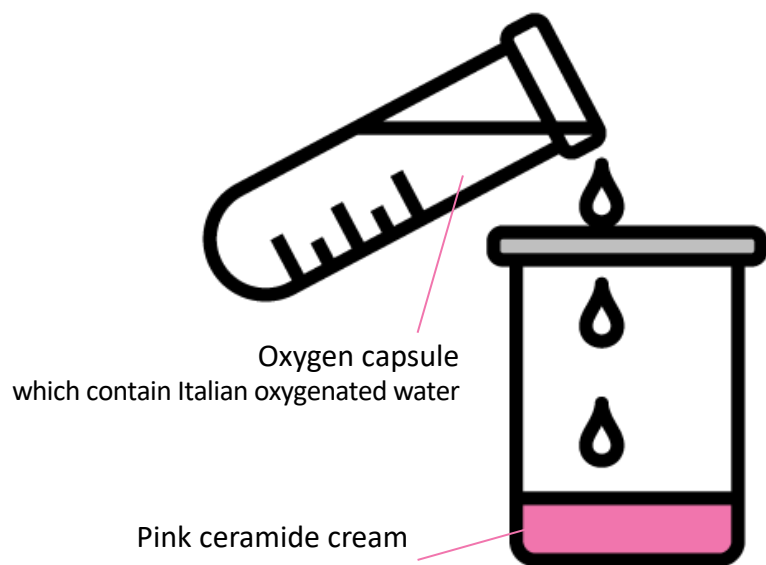

SKIN RESCUE OVERNIGHT CREAM MASK

Dual Formula

Oxygen capsule in **Pink ceramide cream**

It has dual formula where oxygen capsule (which contains Italian oxygenated water) bursts smoothly when touching the skin and melts together with pink ceramide cream

SKIN RESCUE OVERNIGHT CREAM MASK

How to use

Special Overnight Care

When skin needs special care, once or twice a week

Apply a sufficient amount of the product on the face at the last step of skin care routine.

TIPS

Post Care

To provide extra skin protection effect after skin procedures

Apply the product to make the protective film over the skin.

Before Makeup

To make the skin as the perfect base for makeup

1. Apply a sufficient amount of the product on the face and wait for 10 minutes until absorbed.
2. Wipe gently with a cotton pad soaked in toner.
3. Apply a small amount all over the face once more to create a moist skin base.

SKIN RESCUE OVERNIGHT CREAM MASK

Q & A

Q1. Can I use the product in the morning, too?

It can be used instead of cream or after using a cream. But as it is a highly nourishing product, make sure to make it absorbed sufficiently to avoid makeup pilling.

Q2. Is the product suitable for all skin types?

Yes. Please choose the proper frequency and amount of use depending on your skin types or skin concerns.

Q3. When is it recommended to use the product?

- ✓ When you feel that your skin is needing an extra boost
- ✓ When the skin is dull and looking sallow
- ✓ When the skin suddenly becomes dry or sensitive due to the external stimuli such as weather, season, environment, etc.
- ✓ When you want to soothe skin after a sunburn
- ✓ When you want to prepare skin as the perfect base for makeup
- ✓ When you want intensive skin care at home

SKIN RESCUE OVERNIGHT CREAM MASK

Key Ingredients

Pink Ceramide Complex
Oxygen

Revitalizing

sh-Oligopeptide-1 (EGF)
sh-Polypeptide-11 (aFGF)
sh-Polypeptide-1 (bFGF)
sh-Polypeptide-16 (PlGF)
sh-oligopeptide-2 (IGF)
sh-Polypeptide-4

Regenerating

Swelling Controller
Cucurbita Pepo (Pumpkin) Fruit Extract

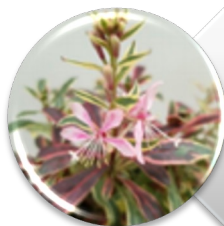

Anti-swelling

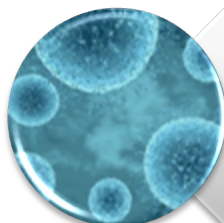

SKIN RESCUE OVERNIGHT CREAM MASK

Pink Ceramide Complex

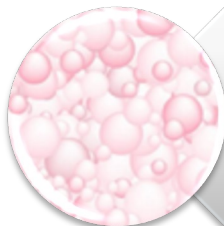

Epilobium Angustifolium Flower/Leaf/Stem Extract

- Anti-inflammatory, antibacterial, antioxidant effects
- It protects skin from external aggressors such as UV rays, germs and allergies.

Lactobacillus Ferment Lysate

- Probiotic ingredient that helps keep the skin microbiome in balance
- It helps strengthen skin barrier and reduce irritation.

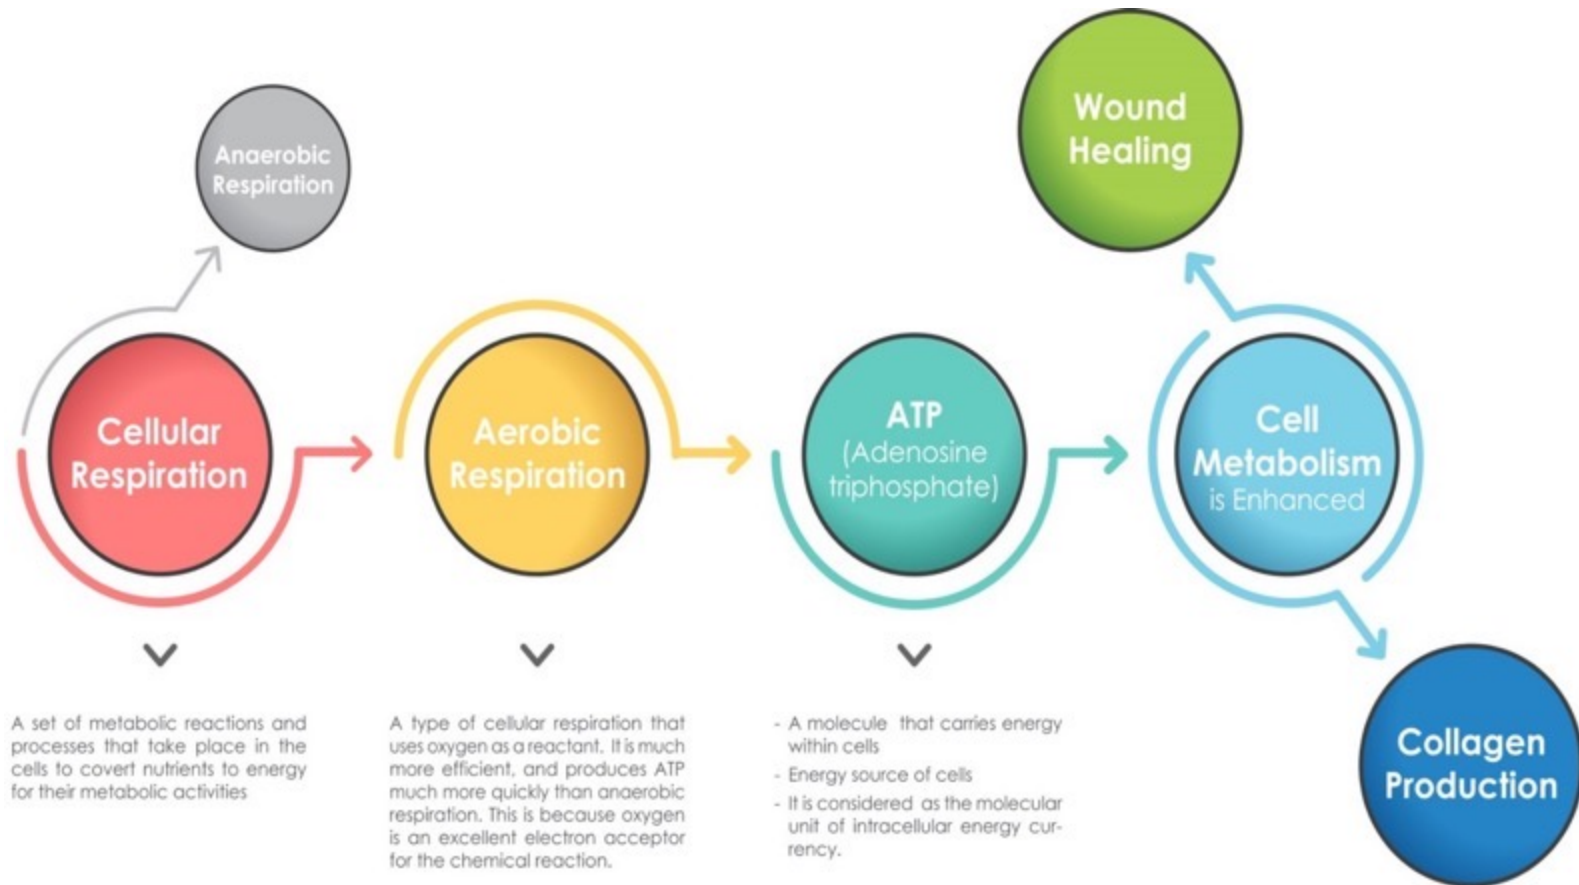

Ceramide NP

- The major epidermal intercellular lipid component
- It helps keep skin homeostasis and water-holding capacity.

SKIN RESCUE OVERNIGHT CREAM MASK

Oxygen

Oxygen-saturated quasi phospholipid increases the amount of oxygen in skin tissue.

SKIN RESCUE OVERNIGHT CREAM MASK

Growth Factor Complex

Growth Factor	Function
EGF (Epidermal Growth Factor / sh-Oligopeptide-1)	- It stimulates proliferation/differentiation of keratinocytes and epidermal skin cells. - It promotes natural cell renewal and wound healing.
FGF (Basic Fibroblast Growth Factor / sh-Polypeptide-1 Acidic Fibroblast Growth Factor / sh-Polypeptide-11)	- It stimulates fibroblast cell growth and proliferation. - It promotes the synthesis of collagen, elastin and other extracellular-matrix components.
PIGF (Placental Growth Factor / sh-Polypeptide-16)	- It works to repair the skin to accelerate the skin healing process by enhancing angiogenesis.
IGF-1 (Insulin-like Growth Factor / sh-Oligopeptide-2)	- It stimulates cell proliferation and promotes wound healing.

SKIN RESCUE OVERNIGHT CREAM MASK

Swelling Controller

- Patented complex of Bromelain, Ruscus Aculeatus Root Extract, Melissa Officinalis Extract, Arnica Montana Flower Extract, Vitis Vinifera (Grape) Seed Extract helps reduce swelling.

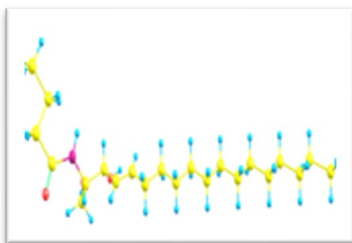

Cucurbita Pepo (Pumpkin) Fruit Extract

- Rich in beta-carotene, a derivative of vitamin A, it helps reduce wrinkles by boosting collagen production.
- It moisturizes and soothes skin.

SKIN RESCUE OVERNIGHT CREAM MASK

Phytosphingosine

- Precursor of ceramide
- It prevents skin from moisture-loss and helps skin to maintain its homeostasis by strengthening skin barrier.
- It also strengthens skin structure and improves skin firmness by inhibiting the production of collagen-breakdown enzyme, MMP-1.

Macadamia Ternifolia Seed Oil

- Linoleic acid in the oil prevents trans-epidermal water loss and creates a natural protective barrier.
- Palmitoleic acid in the oil is beneficial for wound healing, scratches and burns.
- Phytosterols calms and heals itching and redness.

SKIN RESCUE OVERNIGHT CREAM MASK

Centella Asiatica Extract

- Rich in triterpenes (asiatic acid, madecassic acid, asiaticoside, etc.), it shows powerful antimicrobial and anti-inflammatory effects.
- It has excellent wound healing and soothing properties.
- It helps increase synthesis of collagen and enhances the skin barrier function.

The TEWL parameter decreased on average in the group by 15%.

There was a reduction in the value of the Erythema parameter that informs redness-by 26% on average in the group.

MULTI SUN CREAM

[NET WT. 40g]

MULTI SUN CREAM

Concept

GENOSYS MULTI SUN CREAM is a non-greasy mild sun screen that protects skin from UV A & B rays, and soothes the irritated skin.

NET WT. 50g

- For daily sun protection
- Light weight and moist texture without heavy look
- Skin glowing effect
- Soothing the skin irritated by sun rays

MULTI SUN CREAM

Botanical Stem Cell Extracts

- Rosa Damascena Callus Culture Extract, Vitis Vinifera (Grape) Callus Culture Extract
- They have anti-virus, anti-allergy, antioxidant effects.
- They help cure the skin inflammation and itching.

Centella Asiatica Extract

- With excellent wound healing and skin regeneration effects, it soothes the weakened skin and strengthens the tissues.
- It promotes blood circulation.

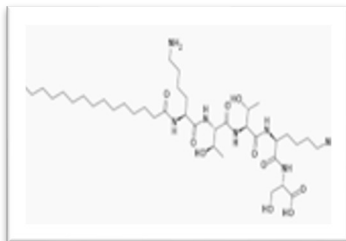

MULTI SUN CREAM

Scutellaria Baicalensis Root Extract

- It has anti-inflammatory, anti-oxidant, anti-microbial, anti-fungal, antiviral and free radical scavenging properties.

Palmitoyl Pentapeptide-4

- It improves photoaging by making skin cells healthy after UV damages.

ULTRA SHIELD SUN CREAM

[NET WT. 50g]

ULTRA SHIELD SUN CREAM

Concept

GENOSYS ULTRA SHIELD SUN CREAM strongly defends skin against UV rays, and calms down the skin with ultra-low molecular weight hyaluronic acid and soothing ingredients.

[NET WT. 50g]

- Highly protective sun screen with sun protection factor of SPF50+ PA++++
- Hybrid sun screen

Chemical: Terephthalylidene Dicamphor Sulfonic Acid, Homosalate, Ethylhexyl Salicylate, Bis-Ethylhexyloxyphenol Methoxyphenyl Triazine, Ethylhexyl Triazone

Mineral: Titanium Dioxide

- Prevents skin damage caused by sun exposure
- Promotes skin recovery from the damage caused by sun exposure
- Soothes and improves sunburn
- Reef-safe: not containing harmful ingredients that affect coral bleaching → Suitable for swimming and marine sports

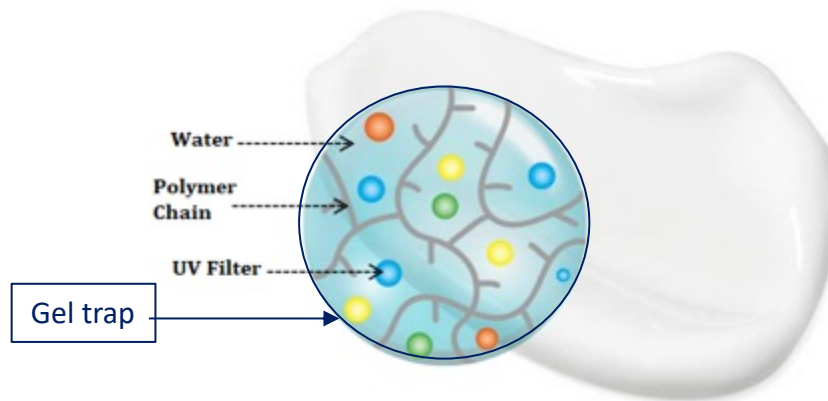

ULTRA SHIELD SUN CREAM

Base Formula

Moist Gel Trap Method

- Polymer chains compose gel trap and ingredients are stabilized in it.
- Silky, non-greasy formula, without eye irritation

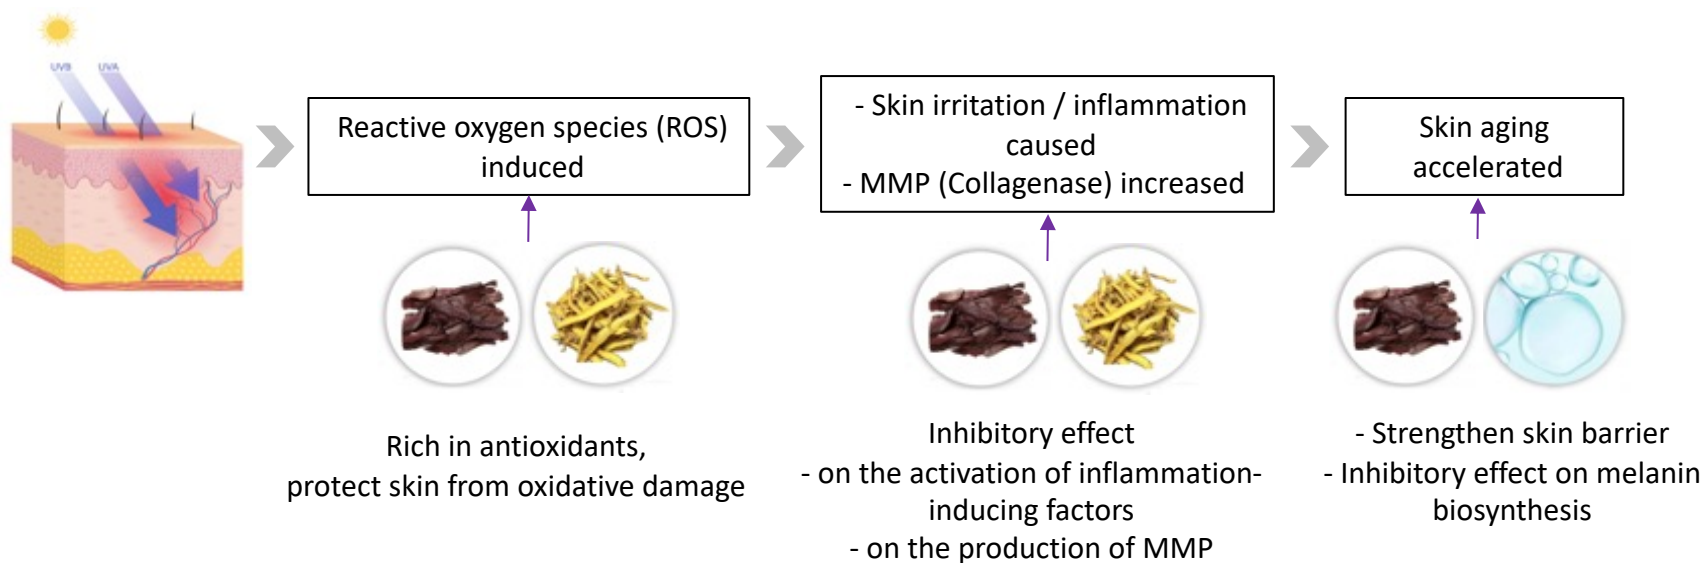

ULTRA SHIELD SUN CREAM

Sunburn Care Complex

- Special complex to improve sunburn

-  Lithospermum Erythrorhizon Root Extract
-  Scutellaria Baicalensis Root Extract
-  Ceramide NP

ULTRA SHIELD SUN CREAM

MicroHA™

- Hydrolyzed Sodium Hyaluronate
- Ultra-low molecular weight hyaluronic acid that can quickly penetrate skin
- It helps scavenge free radicals by UV rays, reduce inflammation factor activity, and repair damaged skin cells.

ProbioMETA™

- Lactobacillus Ferment
- Probiotic ingredient made by fermentation that strengthens skin's ability to defend itself from aggressors
- It helps improve rosacea and acne.

ULTRA SHIELD SUN CREAM

Tropical Antioxidant Complex

- Complex of tropical fruits
- Ananas Sativus (Pineapple) Fruit Extract: antioxidant-rich ingredient including vitamin C, anti-inflammatory, hydrating
- Carica Papaya (Papaya) Fruit Extract: antioxidant-rich ingredient including vitamin A, C and E, soothing
- Litchi Chinensis Fruit Extract: antioxidant-rich ingredient including flavonoids, anti-inflammatory
- Psidium Guajava Fruit Extract: antioxidant-rich ingredient including flavonoids, anti-inflammatory

INTENSIVE BLEMISH BALM CREAM

[NET WT. 50g]

INTENSIVE BLEMISH BALM CREAM

Concept

GENOSYS INTENSIVE BLEMISH BALM CREAM is a natural coverage cream that protects skin from the harmful environmental factors. It covers redness and blemishes after the dermatological treatment and helps express natural skin tone.

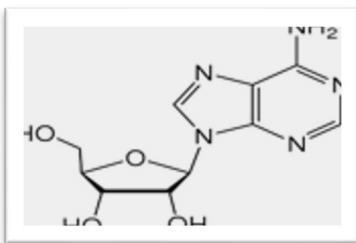

NET WT. 50g

- Coverage cream that can be used after the professional treatment
- Allows natural and glowing skin expression
- Protects skin from UV rays [SPF30 PA++]
- Naturally long-lasting base makeup

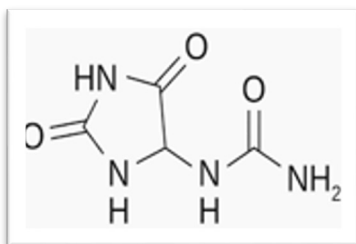

INTENSIVE BLEMISH BALM CREAM

Adenosine

- It improves wrinkles and firm skin by increasing collagen synthesis and stimulating fibroblasts in the skin.
- Anti-inflammatory effect

Allantoin

- It soothes skin with excellent anti-inflammatory and anti-irritant properties.
- It increases the water content of skins' extracellular matrix.
- It exfoliates dead skin cells, resulting in a cleanser, brighter complexion.

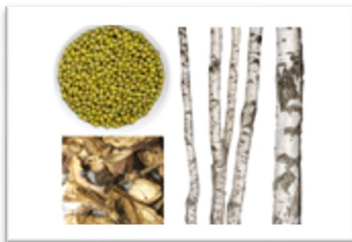

INTENSIVE BLEMISH BALM CREAM

Origanum Vulgare Leaf Extract

- With excellent anti-microbial and anti-inflammatory effects, it helps relieve a variety of skin ailment.
- Its rich antioxidant content slows down the process of natural degeneration of cells and tissues.

Phytolex SC

- Complex of herbal extracts - Phaseolus Radiatus Extract, Betula Platyphylla Japonica Bark, Rumex Crispus Root Extract
- It comfortably relieves skin irritation and inflammation.

SKIN CARING BLEMISH BALM CUSHION

[NET WT. 15g x 2 (1 cushion + 1 refill)]

SKIN CARING BLEMISH BALM CUSHION

Concept

GENOSYS SKIN CARING BLEMISH BALM CUSHION is a BB cushion that can be used after professional treatment. More than 60% of the product is composed of moisture essence, which enables a natural and healthy glow. Various peptide complex helps calm the irritated skin.

NET WT. 15g x 2 (1 cushion + 1 refill)

- BB cushion that can be used after the professional treatment
- Allows the users to wear convenient and quick base makeup in the morning
- Protects skin from UV rays [SPF 50+ PA++++]
- Components: 1 cushion+ 1 refill (puff included)
- Color: # 01 Ivory
02 Beige
03 Camel

SKIN CARING BLEMISH BALM CUSHION

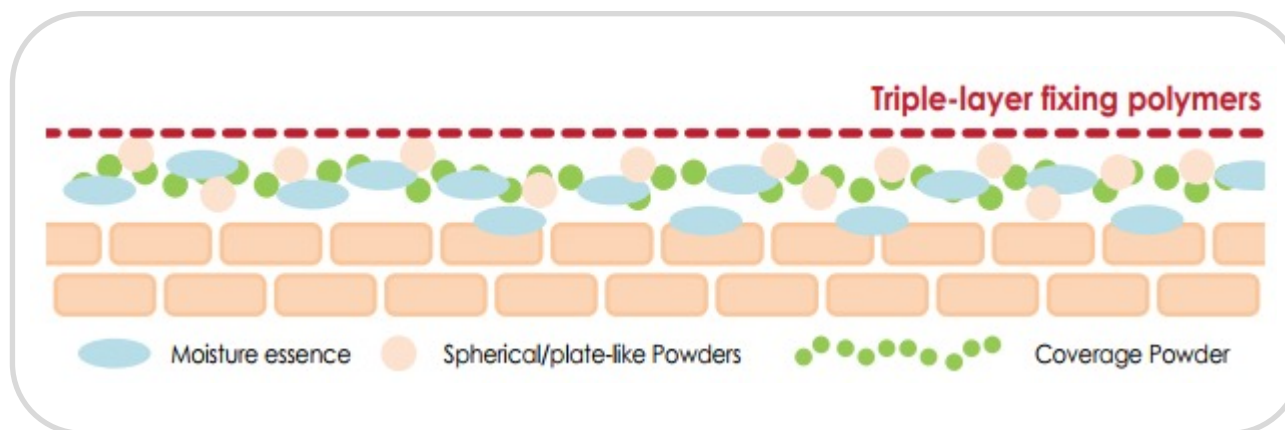

Mechanism

Skin care + Natural coverage + Long-wear formula

- 1) It contains moisture essence more than 60% / 9 regenerating peptides
→ Glowing skin expression and skin care after professional treatment

Moisture essence more than 60%

- 2) Light, comfortable and natural skin expression with light formula
- 3) Long-lasting formula with triple fixing polymers

SKIN CARING BLEMISH BALM CUSHION

Color Chart

SKIN CARING BLEMISH BALM CUSHION

Puff

Waterdrop-Shape + Quadruple-Layer

- ☑ Waterdrop-shaped

The shape of the puff tip is waterdrop instead of round.

→ It makes easier to cover even the curved parts or narrow areas of the face.

- ☑ Quadruple-layered

The puff has quadruple layers where one layer of waterproof film is added to the general tripled-layered puff, which prevents the content of the cushion from penetrating into sponge.

→ It prevents the contamination of the puff and reduces the waste of the essence.

SKIN CARING BLEMISH BALM CUSHION

How to Use

Press the puff lightly onto cushion and pat evenly onto skin. We recommend patting the puff gently on the skin several times to enhance the long-lasting effect.

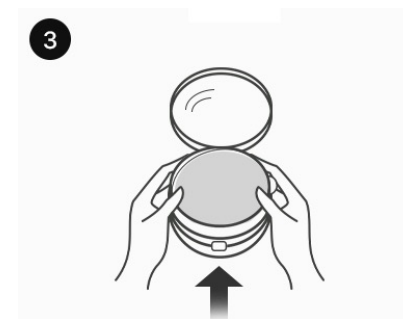

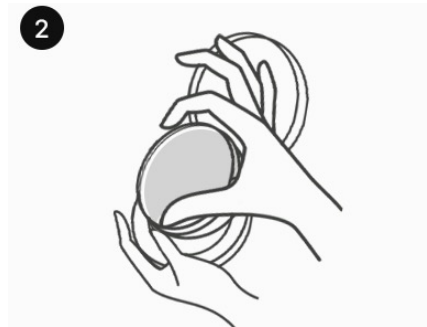

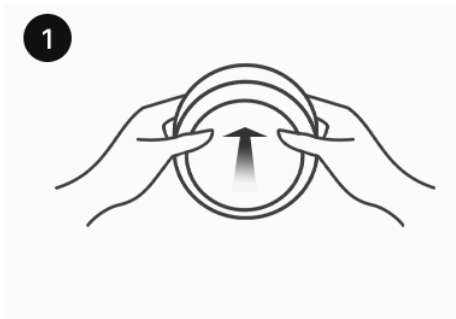

Usage Tips

1. If you want to use both INTENSIVE BLEMISH BALM CREAM and SKIN CARING BLEMISH BALM CUSHION,
 - ▷ For the base makeup in the morning → GENOSYS INTENSIVE BLEMISH BALM CREAM
 - ▷ For the correction of makeup → GENOSYS SKIN CARING BLEMISH BALM CUSHION
2. If you want to choose one,
 - ▷ For natural, glowing complexion and tone correction → GENOSYS INTENSIVE BLEMISH BALM CREAM
 - ▷ For long-lasting coverage and make-up effect → GENOSYS SKIN CARING BLEMISH BALM CUSHION

SKIN CARING BLEMISH BALM CUSHION

How to replace refill

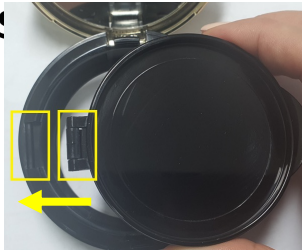

STEP 1. Open the lid of the cushion and push the bottom of the refill up with thumbs to separate

STEP 2. Open the lid of the cushion and push the back of the container with thumbs

STEP 3. Remove the new refill in the container and adjust the position of the refill to fit the container.

STEP 4. Push the new refill in the container and press it down.

STEP 3. Press the refill down until you hear 'clicking sound'.

SKIN CARING BLEMISH BALM CUSHION

Repairing Pep9 Complex

**Promotion of Collagen
Induction,
Skin Regeneration**

- Hexapeptide-9, Copper Tripeptide-1, Palmitoyl Pentapeptide-4, Palmitoyl Tripeptide-1, Hexapeptide-11, Tripeptide-1, Alanine/Histidine/Lysine Polypeptide Copper HCl

Firming

- Acetyl Hexapeptide-8

Skin Brightening

- Nonapeptide-1

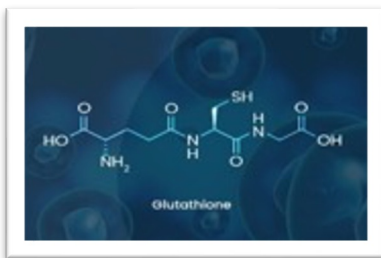

SKIN CARING BLEMISH BALM CUSHION

Volufiline™

- Sarsasapogenin from anemarrhena asphodeloides root
- It provides a volume-enhancing benefit by a cosmetic lipofilling-like effect.
- Rich in saponin, it has anti-inflammatory and antioxidant features.

Glutathione

- A powerful antioxidant
- It helps brighten and even skin by blocking the tyrosinase activity.
- It has a beneficial effect for cystic acne or even the occasional breakout.

MICROBIOME ENERGY INFUSING MIST

[NET WT. 80ml]

MICROBIOME ENERGY INFUSING MIST

Concept

GENOSYS MICROBIOME ENERGY INFUSING MIST revitalizes skin and enhances skin's natural strength with unique blend of pre/probiotics that corrects the balance of skin microbiome and hyaluronic acid complex that replenishes the skin's moisture barrier.

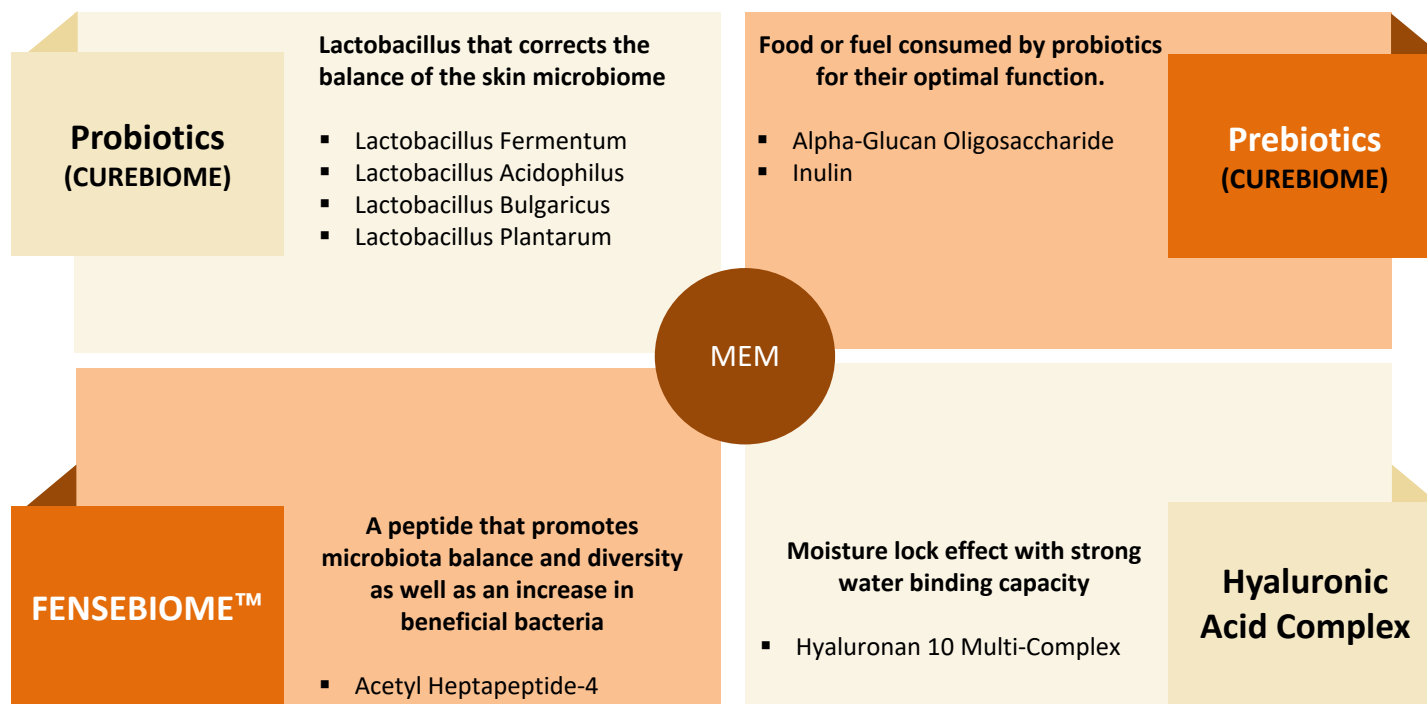

NET WT. 80ml

- Powerful moisturizing effect
- Strengthens and protects skin barrier
- Soothes skin and restores skin condition
- Gives skin natural glow and radiance

MICROBIOME ENERGY INFUSING MIST

Mechanism

Stable, balanced skin microbiome & healthy skin barrier

MICROBIOME ENERGY INFUSING MIST

How to Use

Shake well before use, then spray over the face with eyes closed at a distance of 10-20cm throughout the day. It can be sprayed over make-up.

* If you want to give your complexion a dewy-looking glow, spray the product right before makeup. Then, give a few moments to absorb into the skin.

Recommended When

- ✓ When you need frequent skin nutrition and hydration
- ✓ When the skin water/oil balance is broken
- ✓ When dry, cracked or flaky skin needs soothing
- ✓ When the skin becomes sensitive or dry due to external stimuli such as weather, season, or environment
- ✓ When you want glow and luminous skin expression before make-up
- ✓ When you want to refresh make-up, moisturize and add glow after make-up
- ✓ When you want to easily maintain skin health and manage skin barrier

MICROBIOME ENERGY INFUSING MIST

Key Ingredients

Hyaluronic Acid Complex
Glycerin

Moisturizing

Lactobacillus Ferment Complex (Probiotics)
Alpha-Glucan Oligosaccharide (Prebiotics)
Inulin (Prebiotics)
Acetyl Heptapeptide-4
Tocopherol (Vitamin E)
Jojoba Seed Oil
Shea Butter

**Strengthening
Skin Barrier**

Centella Asiatica Extract
Bambusa Vulgaris Leaf Extract

Soothing

MICROBIOME ENERGY INFUSING MIST

CUREBIOME

[Skin Microbiome]

Microscopic organisms that live on and in our skin's various layers that strengthen skin immunity and protect skin from the external environment by supporting the barrier function of the skin and ensuring skin homeostasis.

→ When the skin microbiome becomes damaged due to environmental factors, unhealthy lifestyle, and aging, various skin problems such as acne and psoriasis can occur.

[CUREBIOME]

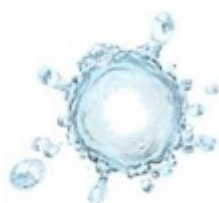

It helps to balance the skin microbiome with unique blends of four types of lactobacillus ferments (probiotics) that help the growth of beneficial microorganisms in the skin and two types of prebiotics that help the growth of probiotics.

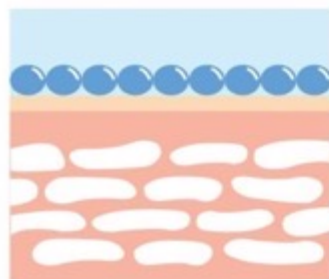

MICROBIOME ENERGY INFUSING MIST

Hyaluronan 10 Multi-Complex

- Natural moisturizing factor (NMF) with strong moisture binding capacity
- 10 types of hyaluronic acid with various molecular weights (low molecular weight, medium molecular weight, high molecular weight) provide multi-depth hydration to skin.
- INCI: Sodium Hyaluronate, Hyaluronic Acid, Sodium Hyaluronate Crosspolymer, Potassium Hyaluronate, Hydroxypropyltrimonium Hyaluronate, Hydrolyzed Hyaluronic Acid, Sodium Acetylated Hyaluronate

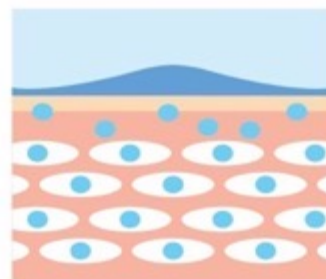

**High Molecular Weight
Hyaluronic Acid**

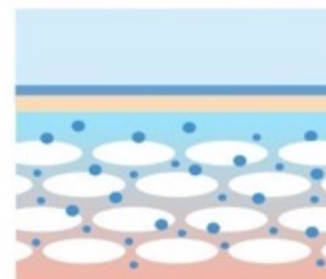

Powerful moisture binding capacity / Formation of moisture barrier on the skin surface

**Middle Molecular Weight
Hyaluronic Acid**

Prevents evaporation of moisture from the skin surface

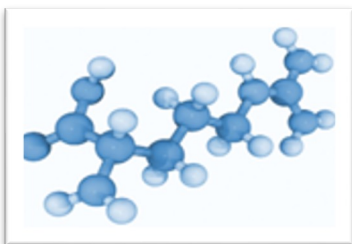

**Low Molecular Weight
Hyaluronic Acid**

Highest skin penetration
Hydration deep in the skin

MICROBIOME ENERGY INFUSING MIST

FENSEBIOME™

- Acetyl Heptapeptide-4
- It helps to promote microbiota balance and diversity as well as an increase in beneficial bacteria. (Probiotic-like effect)
- It helps to reinforce skin barrier function.
- It prevents dehydration.

Butyrospermum Parkii (Shea) Butter

- Natural Moisturizing Factor (NMF)
- It retains moisture and lessens the loss of water by forming a barrier on the skin surface.
- It keeps the intercellular structure of the epidermis intact, and effectively keeps bacteria out, thus facilitating and preventing skin irritation.
- It promotes strong antioxidant activity with vitamin A and E.

MICROBIOME ENERGY INFUSING MIST

Simmondsia Chinensis (Jojoba) Seed Oil

- As a humectant, it seals skin with a protective barrier to keep it from losing moisture.
- As it is very similar to human sebum, it helps regulate sebum production.
- With anti-inflammatory and healing properties, it relieves skin inflammation and speeds-up the wound healing.
- It helps skin fight oxidative stress with Vitamin A and E.

Centella Asiatica Extract

- Rich in triterpenes (asiatic acid, madecassic acid, asiaticoside, etc.), it shows powerful antimicrobial and anti-inflammatory effects.
- It has excellent wound healing and soothing properties.
- It helps increase synthesis of collagen and enhances the skin barrier function.
